# MISSION STATEMENT

## MISSION

Eastern University is a Christian university dedicated to the preparation of undergraduate, theological and graduate students for thoughtful and productive lives of Christian faith, leadership and service. The mission is confirmed and celebrated when graduates believe their way into knowledgeable action that influences their world in substantive ways.

## VISION

Eastern University is dedicated to ideas, inquiry, and the development of people of faith who will enhance the quality of society and the church. Toward that end, Eastern will continue to expand its formative role in the world as a university in which knowledge and wisdom are imbued, Christlike engagement is inspired, and stewardship is modeled.

## THE GOALS OF THE UNIVERSITY

Eastern University is dedicated to the following foundational commitments:

### *To excellence in scholarship and teaching:*

We maintain a high priority on excellence in teaching within the context of exemplary scholarship and research. Guided by our faith in Jesus Christ, who is “the way, the truth, and the life” (John 14:6), we believe in the unity of God’s truth, whether supernaturally revealed or humanly discovered; we value the search for knowledge and understanding in all areas of life. Thus we desire to foster an environment in which:

- Students develop intellectual curiosity, passion, and agility, valuing the life of the mind and life-long learning;
- Students develop their critical thinking, reflection, analysis, and communication skills;
- Students develop knowledge and competencies in the arts, sciences, and professions;
- Faculty are supported in and recognized for scholarship of discovery, integration, application, and teaching.

### *To the whole gospel for the whole world through whole persons:*

We recognize the Bible, composed of the Old and New Testaments, as inspired of God and as the supreme and final authority in faith and life. We submit ourselves to carrying out our mission under its authority and seek to apply biblical principles to all facets of human aspiration and action, including the centrality of personal transformation. We affirm the importance of calling all persons everywhere to personal faith and faithful discipleship in following Jesus Christ as Savior and Lord, including living out the whole gospel in a needy and lost world. Thus we seek:

- To enable students to develop a Christian worldview, grounded in the Scriptures;
- To enable students to discern the ethical consequences of decisions and actions;
- To foster an environment in which all members of the campus community desire and participate in their own Christian formation;
- To develop a campus community where all give witness to a Christian worldview, through action and voice, motivated to explore faithfulness to Christ through Christ-centered study, work, and living.

### *To justice, reconciliation, and transformation:*

In our commitment to sharing the whole gospel to the whole world, we acknowledge with sorrow the brokenness of the world at personal, national, and international levels. Thus we seek to work for Christian transformation, justice, and reconciliation, in all areas of life as these are grounded in our understanding of Christ’s calling to us. We particularly seek to work with and for the poor, oppressed, and suffering persons as part of our Christian discipleship. Thus we seek:

- To provide educational opportunities and financial aid as best we can for those with few or no financial resources to attend a private Christian university;
- To motivate students to assume responsibility for justice and to show a transformative influence — especially regarding social, political, and economic justice;
- To enable all members of the campus community to participate in opportunities for meaningful service, demonstrating love for God and neighbors and working towards justice.

### *To responsible leadership and stewardship*

We believe that our complex society needs leadership in all institutions that is intelligent, informed, insightful, ethical, strategic, and just. We are dedicated to graduating students whose wisdom, Christian values, and skills enable them to lead and manage such institutions, including those that are the most influential. Similarly, we commit to excellence in the leadership of Eastern and in the stewardship of University resources. Further, we believe that we are to care not only for people throughout the world, but also for creation itself a responsible stewards of the environment and other physical resources. Thus we seek:

- To prepare students to live in an interdependent world, aware of societal and global problems and committed to engage in solving them;
- To engender the wisdom and character necessary for sound Christian leadership;
- To inspire all members of the campus community to care for creation as responsible stewards and to model that care in the use of University facilities and resources.

### *To Christian community:*

Our commitments lead us to work towards shaping a campus community that embodies values of Christian witness, caring and compassion, justice and integrity, competence and affirmation. We wish to treat each member of the campus community with fairness, dignity, and respect, seeking a spirit of unity and harmony as we join together to achieve our common mission. Thus we seek:

- To foster genuine community, where individuals show compassion and friendship towards others in the spirit of Christian love;
- To help students increase in self-awareness and in their sensitivity towards others and others’ needs and situations;
- To foster an environment where diversity is appreciated and reconciliation is practiced;
- To equip all members of the campus community to live well with one another, honoring, supporting, and affirming one another.

# AN INTRODUCTION TO EASTERN

Eastern is a co-educational, comprehensive Christian university of the arts, sciences and professions which seeks to provide an education rooted in a unifying Christian worldview.

The University offers courses leading to seminary and doctoral degrees, as well as the graduate degrees of Master of Arts, Master of Business Administration, Master of Science and Master of Education. Undergraduate degrees granted are Associate of Arts, Bachelor of Arts, Bachelor of Science, Bachelor of Social Work and Bachelor of Science in Nursing.

## HISTORY

Eastern University was founded in 1932 as a department of the Eastern Baptist Theological Seminary, which began in Philadelphia, PA, in 1925. This college division was organized for the purpose of supplementing the professional preparation of ministers. In 1938, the Department of Public Instruction of the Commonwealth of Pennsylvania approved the granting of the A.B. and the Th.B. degrees upon the completion of a six-year course of study. In 1948, a third year was added, making a seven-year course leading to the A.B. and B.D. degrees.

After almost twenty years of growth and progress, the Board of Trustees voted on April 17, 1951, to secure a charter and organize Eastern Baptist College as a separate institution. The Charles S. Walton estate was purchased for the college at St. Davids, PA. The purpose of the college was to prepare students not only for the ministry, but for all walks of life. The curriculum was enlarged, the faculty was strengthened, and a co-educational liberal arts college was opened.

Classes began in September, 1952, and the college received accreditation in 1954.

Early in 1972, the legal name of the school was changed to Eastern College: A Baptist Institution. The purpose of this change was to increase its appeal to all evangelical Christians, though the school retains its relationship to the American Baptist Churches in the USA. Eastern continued to grow in size and complexity, and was granted university status in December, 2001. Eastern University reunited with Eastern Baptist Theological Seminary in 2003. Honoring the legacy of its longest-serving President, Gordon Palmer, Eastern Baptist Theological Seminary was renamed Palmer Theological Seminary on July 1, 2005.

The Campolo College of Graduate and Professional Studies is comprised of iterations of college units established to offer undergraduate, graduate and professional studies to adult students. In 1989 the School of Professional Studies was established to offer degree completion programs to adults students. Eastern's first graduate program, the Master of Business Administration, was launched in January 1982. The Graduate Education Department was granted approval by the Pennsylvania Department of Education in spring 1992 to offer a Master of Education in two major areas: Multicultural Education and School Health Services. Associate's, master's and doctoral degree programs gained approval in the following decades.

Today, Eastern University comprises Palmer Theological Seminary, the College of Arts and Sciences, the Templeton Honors College, the Campolo College of Graduate and Professional Studies, and Esperanza College. Eastern University en-

rolls over 4,000 students in domestic and international undergraduate, graduate, professional, and theological programs in a variety of delivery formats.

## PURPOSES AND SPECIFIC OBJECTIVES OF EASTERN UNIVERSITY

Trustees, administration, faculty, and staff have sought to shape Eastern University to reflect the following characteristics. These aspects are captured in the University's mission, goals, and vision statements, and have characterized Eastern throughout its rich history.

*Academic and co-curricular programs at Eastern University are planned and carried out in the hope that all members of the University community will:*

## DOCTRINAL STATEMENT

### Section I

- We believe that the Bible, composed of Old and New Testaments, is inspired by God and serves as the rule of faith and practice, being the authoritative witness to the truth of God embodied in Jesus Christ.
- We believe in one God eternally existing as Three Persons.
  - We believe in God the Creator, author of all life and our salvation.
- We believe that God created human beings, male and female, in the image of God as an expression of God's eternal love, to live in God's perfect will. As such, human beings are called to be faithful stewards of God's creation and to live in relations with God, each other, and the created world.
  - We believe in God the Spirit, Lord and giver of life who reveals Jesus Christ to human beings to transform them through conversion and sanctification to full humanity as willed by the Creator.
  - We believe that Jesus Christ was conceived through the power of the Holy Spirit, born of the Virgin Mary, and is truly God and truly human.
- We believe that he lived a fully human life as Jesus of Nazareth, who walked with us, ministered to us, and proclaimed the Reign of God.
- Because human beings sinned and suffered the penalty of death, we further believe in the life and death of the Lord for our sins, in the resurrection of his body, in his ascension to heaven, and in his personal and visible future return to the earth.
- We believe that our salvation is received through faith by grace through Jesus Christ, the only and sufficient mediator between God and humanity.
- We believe that Jesus Christ commanded us to be baptized and to partake of the Supper in his name.
  - We believe that baptism is the immersion of a believer in water in the name of God the Father,

God the Son, and God the Holy Spirit, signifying redemption through the death and resurrection of Jesus Christ together with the believer's death to sin and resurrection to newness of life.

- We believe that the Lord's Supper is a commemoration of the Lord's death until he returns.
- We believe that the Church is Jesus Christ's body on earth, called to witness and proclaim the good news of God's Reign and salvation to the world. The Church consists of believers, called by Jesus Christ to worship God, serve one another in a spirit of love and truth, and to proclaim God's Reign—not only through word, but also through deeds of love and justice. As a witness to the Reign of God, the Church embodies God's will to be one in diversity, to care for "the least of these," and to proclaim hope. Therefore, the Church is a light unto the world at all times and in all places.

### Section III

Further, it looks at the lives of prophetic artists and explores the unique experiences that thrust them into an urban world with a prophetic message of redemption. The course provides opportunities for critical thinking skills in evaluating art as used in holistic and faith-based community development. Processes for communication, social commentary and political and conflict discourse are considered. A major arts-based project is required.

This introductory financial management course will help the non-financial manager of a nonprofit organization understand and value the crucial contribution of financial analysis tools in making effective decisions to carry out the mission and goals of their organization. It assumes that the functions of accounting and finance will be handled by professionals. It also assumes that all managers -- regardless of professional experience -- need to understand the components and analytical techniques involved with financial decision-making. With but a few exceptions, wise organizational decisions will be born or supported through financial analysis. Even more so, an organization fully committed to the long-term will embrace financial control and accountability measures that will mitigate its risks and assure its ability to perform mission objectives.

**CDEV 545 NEIGHBORHOOD ECONOMIC DEVELOPMENT 3**

This course introduces the student to the field of economic development in theory and practice with a focus on its application to urban neighborhoods. topics include the evolution of cities in the U.S. and around the globe, the evolution of community and neighborhoods, the characteristics and crisis of community, strategies of city and neighborhood revitalization. The roles and strategies of community-based development organizations and community residents are the ultimate focal points of the course.

**CDEV 695 LEADERSHIP PRACTICUM 2**

The development of necessary personal and community relationships is essential. Anyone graduating from this program must demonstrate a high level of ability in the formation of socially relevant programs. This practicum includes the implementation of leadership skills including: the principles and practices of needs assessment, planning, recruitment, training, and the ongoing empowerment of others. A combination of leadership experiences based on the student's learning goals for function and written reflective evaluations of these experiences are required. An integral part of this experience is the opportunity for students to: (1) observe community development carried out by a competent, experienced practitioner in the field, and (2) become experienced in program development under the care and counsel of a competent, experienced practitioner (mentor). Students will complete regularly scheduled supervisory dialogues with a mentor (from a church, para-church, community or governmental organization) over a period of one semester. Additionally, each student will be required to conduct weekly, supervised outreach or development activities.

**YOUTH LEADERSHIP CONCENTRATION**

**YTHL 525 THEOLOGICAL FOUNDATIONS OF URBAN YOUTH MINISTRY 3**

This course seeks to help students think biblically and theologically about the challenges and issues related to urban youth ministry. This is an applied theology course, which means we will seek to understand the biblical/theological foundations for how we do youth ministry in urban settings and why it's done in those ways. Various methodologies and faith traditions will be explored and evaluated. Students will think through their personal approaches to urban youth ministry.

**YTHL 545 PSYCHOSOCIAL ASSESSMENT: UNDERSTANDING URBAN YOUTH 3**

The course will teach students a "shorthand" way of understanding the reasons why young people behave the way they do, with a view toward providing effective and properly targeted ministry to them and, where possible, their families. Students will learn to understand some of the "building blocks" to human personality development and dynamics, and will begin to assess the cognitive, affective, behavioral and spiritual dynamics upon which assessment and counseling are based.

**YTHL 565 ADVANCING YOUTH DEVELOPMENT 3**

For more than a decade, leaders in the youth services field have been advocating for the adoption of a youth development framework to guide how policy makers, practitioners,

and educators respond to the needs of youth, particularly youth from poor and disadvantaged circumstances. This course will provide the research and conceptual framework of youth development. The course will introduce practices that challenge the assumption that our society must "fix" youth before youth can be productive and healthy.

**YTHL 575 ADVOCACY FOR YOUTH IN THE SYSTEMS 3**

This intensive course is designed to introduce students to the concept of advocacy and help develop skills necessary for effective support of youth involved in the juvenile justice and child welfare and alternative education systems. Introduction and exploration of the institutional approach to care are necessary in order to lay the foundation and understand the purpose for youth advocacy. The role of the advocate will be defined along with the purpose of advocacy as part of the natural (Christian) helping process. A holistic approach to helping with specific emphasis on a Christian worldview will be used through scriptural reference for helping and specific examples of advocacy (in scripture). This course will outline a systems approach to advocacy as well as direct service to individuals who are involved with the system. Collaboration and networking with other professionals will be addressed.

The impact of information and communications technologies (ICT) on urban youth culture along with the rise of youth marketing will also be explored. The emanative impact of U.S. urban youth culture on young people around the globe will also be considered, as well as globalization's impact on urban youth culture in the U.S.

**YTHL 655 APOLOGETICS FOR THE URBAN YOUTH CONTEXT 3**

An examination of the reasoned defense of the Christian faith with specific application to pluralistic street contexts. While primarily geared toward understanding and responding to the spiritual issues U.S. urban youth face, the broader global perspective will be kept deliberately in view. The apologetic endeavor will be considered theologically (Christotelic and cruciformulaic), philosophically (worldview formation, analysis and transformation), and anthropologically (historical, cultural, generational issues, etc.). Specific consideration of historical events, ideological movements, worldviews and value systems that have resulted in the rise of Islam (folk and traditional forms), of secular and Eastern faith systems (largely through popular culture), and of popular heterodox Christian theologies which have now gone global (accelerated via technological innovation). In addition to reason-based methods, consideration will also be given to elenctics (John 16:7-11), as well as to the place that wonder, mystery, creativity and imagination have in the apologetic task.

Additionally, each student will be required to conduct weekly, supervised outreach to urban youth based upon specified goals. Students are expected to complete a minimum of 115 hours, including field research, supervisory meetings and project implementation time. To be completed in the semester immediately following Leadership Practicum I. Placement: 115-120 hours. (Prerequisites: URBN 570, YTHL 525, 585, 695)

## *Doctor of Philosophy in Organizational Leadership*

---

This 60-credit advanced research degree provides a core curriculum in organizational and leadership theory with a focus on transformational leadership. Concentrations in business leadership, nonprofit leadership, and educational leadership provide opportunities for students to complete sector-specific studies. The program is undergirded by a series of research methodologies courses, culminating in a dissertation.

The core curriculum consists of 12 courses in research methodologies and the leadership of dynamic organizations.

**LEAD 710 HISTORICAL AND CULTURAL PERSPECTIVES OF ORGANIZATIONAL LEADERSHIP 3**

In this course, students will examine the history of leadership theory to understand the pattern of its development and to explore where the study of leadership may go in the future. Students will also explore the nature and character of leadership. The key questions are: What is leadership? What are the different aspects of leadership? How has that understanding remained the same or changed throughout Western history? How does context affect the nature of leadership? What are the moral purposes of leadership? This course utilizes an interdisciplinary approach in its survey of leadership issues, incorporating historical, literary, political, scientific, sociological, and theological perspectives.

**LEAD 720 LEADERSHIP THEORY AND PRACTICE 3**

As a field of study, leadership is a complex subject. This course will expose students to leadership literature and theories, so that they may use them as a platform in order to reflect on their personal practices within their own organizations. Because leadership is influenced by the complexities of the human element, as well as various world-views and their corresponding value systems, students will be challenged to integrate their understanding of leadership practice with the tenets of Christian faith. Through this course, students will develop an understanding of the main exponents of leadership theory and their respective theories as they learn to critically evaluate their own personal practices as leaders. Completion of this course will satisfy Pennsylvania standards in the preparation of superintendents, specifically the certification requirements for the "Letter of Eligibility."

**LEAD 730 MODELS OF ORGANIZATIONAL BEHAVIOR 3**

In this course we will explore the dynamics of human behavior in organizational settings by familiarizing ourselves with basic organizational behavior (OB) theories at these various levels of analysis. A recent shift in the field is the prominence OB scholars have given to the role of positive psychology. From this perspective, managers strive to be altruistic, authentic, and transformational in their interactions with followers. In addition, each individual is viewed as inherently seeking to live a virtuous life by realizing their true vocation or calling. In short, regardless of our profession or work environment, we are whole beings who cannot, and should not separate our values and spiritual needs from our professional pursuits. When managers, employees and organizations recognize the value of and pursue such a philosophy of organizational behavior, we can achieve extraordinary levels of success and fulfillment. Completion of this course will satisfy Pennsylvania standards in the preparation of superintendents, specifically the certification requirements for the "Letter of Eligibility."

**LEAD 740 FOUNDATIONS OF RESEARCH METHODOLOGY 3**

This course is the first of four courses aimed at grounding doctoral students in the methods of social and behavioral science research and thus begins the preparation for the doctoral dissertation. It is assumed that students will have some background in statistics and research methodology, nevertheless this course will revisit the foundations of re-

search methodology providing students with a basic framework to critically evaluate social and behavioral science research. Students will be evaluated on their understanding and ability to apply the major concepts and methods of qualitative and quantitative research. The application part of this course emphasizes the critique of research articles and in particular the appropriateness and strength of the research methods used. This course should enable students to evaluate more critically the claims of the author's in the scientific literature as well as the "experts" in the popular press. To learn method is to learn how to reflect on the world in a systematic way.

**LEAD 800 DIRECTED STUDY 3**

Students with a demonstrated ability and special interest may take a graduate course offered in one of the CCGPS programs, as a directed study. This is appropriate when a student has a specialized and compelling academic interest that cannot be pursued within the framework of the regular curriculum or a regular course. A directed study would substitute for one of the courses in the designated concentrations. Note: Doctoral students need to have earned a minimum of 36 credits before attempting a directed study.

**LEAD 810 STRATEGIC LEADERSHIP AND ORGANIZATIONAL CHANGE 3**

This course will enable students to develop an understanding of strategic management concepts and to analyze, assess, and resolve complex management problems. Students will learn to use the four analytical techniques of SWOT (Strengths, Weaknesses, Opportunities and Threats) analysis, value chain analysis, strategic cost analysis, and competitive strength assessment in the formulation of comprehensive leadership strategies. Students will also explore theories of organizational change with an emphasis on transformational change (change that occurs at a fundamental level of the system). Strategies for identifying and positively affecting the core of the organization will be discussed. Further, students will acquire a vocabulary and conceptual framework for integrating technical definitions of communication, subjectivity, motivation, and beliefs into a coherent image of collective activity. They will also practice strategies, models, and methods for adapting to and affecting change in interpersonal and group situations. Completion of this course will satisfy Pennsylvania standards in the preparation of superintendents, specifically the certification requirements for the "Letter of Eligibility."

**LEAD 820 LEADING IN COMMUNITY: PEOPLE, PROBLEM SOLVING AND CONFLICT 3**

Interpersonal relationships within an organization are critical to the success of the enterprise. Although leaders must often focus on articulating the mission and vision of an organization to external constituents, this emphasis may lead to underdeveloped structures and undernourished personnel within the organization. Leading in Community will provide students with multiple frameworks within which to analyze their own leadership styles, characteristics and effectiveness for the purpose of cultivating community within the organization. In addition, this course will focus on the role of Human Resources within an organization. By the completion of the course, students will develop an ethical framework to identify organizational systems and

processes for increasing communication, solving problems, and reducing conflict. (This course will be MNGT 765 from Cohort 7 forward.)

**LEAD 825 CAPACITY BUILDING IN HUMAN RESOURCES 3**

This course introduces human resource management from a strategic perspective. In this course, students will learn how to manage human resources effectively in the dynamic legal, social, and economic environments currently governing organizations. Students will develop an understanding of strategic management and its importance in building an effective and healthy organization. Among the topics included are: formulation and implementation of human resource strategy, methods of recruitment and selection, techniques for training and development, performance appraisal, compensation and benefits, and the evaluation of the effectiveness of HRM systems. The course will adopt an integrative approach in that applications will be made to organizations within the business, education and non-profit sectors and supported with studies/case studies in the respective fields. Completion of this course will satisfy Pennsylvania standards in the preparation of superintendents, specifically the certification requirements for the "Letter of Eligibility."

**LEAD 830 LEADERSHIP, SPIRITUALITY AND MISSION 3**

This course introduces students to the nature and purpose of spirituality and spiritual development. The course proposes to assist students in constructing and refining those spiritual principles of interpretation that are philosophically, theologically, and pastorally relevant to the tenets of the human condition within the Christian community and other religious traditions. The placement for leadership (for this course) lies within the context of human development, spiritual awakening, and self-discovery through introspection and reflection. This course is leadership oriented, spiritually significant, and theologically challenging to help integrate holistic and personal growth in areas that are quintessential aspects of a leader illuminated by spirituality. The critical questions that must be asked and answered are: How does each of the eight interdependent areas impact and enhance leadership either individually or collectively?

**LEAD 840 LEADERSHIP, JUSTICE AND SERVANTHOOD 3**

Meaningful responses to human suffering are grounded in discernment regarding human conflict; harm and oppression; power and the abuse of power; and the rights, responsibilities, and opportunities – personal, communal, and global – that arise from the crucible of potential that is our humanity. Using a lens of contemporary social justice theory, students will look at what it means to be leaders who champion just systems and practices in their own organization, industry sector, and profession. This course asks students to address such questions as: What does it mean to lead justly, to advocate for justice? How can one choose servant leadership, restorative justice, and forgiveness in the face of systemic oppression, suffering, and grave human atrocities? What does it mean to be a person of restorative justice and forgiveness? In Leadership, Justice, and Servanthood, students engage in reading, reflection, research, and discussion that inform their practice as leaders and leader-

ship scholars who advocate for justice and who model servant leadership.

**LEAD 850 ORGANIZATIONAL LEADERSHIP, GOVERNANCE AND ACCOUNTABILITY 3**

Developing an understanding of the structures of accountability within an organization is vital to any leadership role. The key questions that we will examine in this course are: What accountability measures are most effective to assist the leader in the fulfillment of his or her role? When are controls restrictive and suffocating and when are they favorable to freedom and creativity? We will also examine the relationship between the CEO and the board, as well as differences in governance between for-profit and nonprofit boards. (This course will be deleted, and a portion of the content will be merged into EDU 760 from Cohort 7 forward.)

**LEAD 860 LEADERSHIP IN GLOBAL CONTEXTS 3**

Because globalization is an evolving concept relative to all disciplines, 21st-century leaders must develop a framework for engaging with all of the opportunities and challenges presented by global interconnectedness. This course examines the complex issues related to leadership within a global context. The practice of effective and moral leadership requires attention to particular contextual and situational factors, including the specific needs and perspectives of individual leaders and their followers, as well as the various dimensions of culture that inform and influence both the theory and practice of leadership. In this course, we will seek to understand how culture and identity shape moral worldviews and methods of interaction. In addition, we will critically engage with thinkers who offer—individually and collectively—their own normative conceptions for constructing cross-cultural ethics or even a "global ethic". Finally, students will examine not just how practices of effective and ethical leadership vary across nations and cultures, but also the ways in which leadership theory itself is culturally dependent.

**LEAD 870 QUALITATIVE RESEARCH METHODOLOGY 3**

This research methodology course introduces doctoral students to a variety of qualitative research methods and the research process of doing fieldwork, analyzing and interpreting data, and writing a report. Students will gain knowledge of qualitative research methods, such as narrative study, autoethnography, ethnography, grounded theory, phenomenology, and case study; develop a workable research design based on their self-selected topic and method, conduct a mini-scale research study, write a research report, and present the report to the faculty and peers. LEAD740 is a prerequisite to this course.

**LEAD 871 QUANTITATIVE RESEARCH METHODOLOGY 3**

This research class introduces students to the knowledge base, processes, and experiences involved in designing, conducting, and reporting quantitative research studies relevant to selected research problems in the social sciences. The course examines frameworks for quantitative field studies and experimental designs, assessment of measure reliability and validity, and use of descriptive and inferential data analysis. Students will apply course content toward the conceptualization and completion of an empirical

study on a selected topic. This class utilizes a research team model and requires participation and collaboration by well-prepared students every week. LEAD740 is a prerequisite to this course.

**LEAD 880 ADVANCED QUALITATIVE RESEARCH 3**

This advanced qualitative research seminar course provides an opportunity for third-year doctoral students who elect a qualitative research method for their dissertation study to conduct an extensive literature review on their research method and to complete the method chapter of their proposal. For this reason, students are expected to learn independently and take an active role in searching and critically evaluating reading materials suitable for their dissertation topic and method. Students who elect this course are expected to have a clear idea of their dissertation topic and have selected their research method. This course is offered as one of three advanced method course options in the third year of study (other two options are LEAD881 Advanced Quantitative Research and LEAD882 Research Team). Students are recommended to take this course concurrently with LEAD920 Dissertation Proposal Seminar.

**LEAD 881 ADVANCED QUANTITATIVE RESEARCH 3**

In this course, students learn and apply methods for conducting research projects and analyzing information to answer research questions and test hypotheses. The course covers methods of study and analysis used in quantitative research in the fields of organization and leadership. The course involves study design, as well as collection and analysis of data. It includes executing and writing up the results of a research study. It also includes dialogues that cover key issues in measurement in quantitative research, statement of testable hypotheses, presentation of statistical analysis, and interpretation of research findings. Throughout the course process, students are called upon to improve scholarly writing techniques and explore skills needed to successfully design and execute a PhD dissertation. This course is offered as one of three advanced method course options in the third year of study (other two options are LEAD880 Advanced Qualitative Research and LEAD882 Research Team). Students are recommended to take this course concurrently with LEAD920 Dissertation Proposal Seminar.

**LEAD 882 RESEARCH TEAM 3**

This course is aimed at giving doctoral students practical experience in designing and conducting full-scale empirical research by working in a research team guided by a faculty member. The topic of research is determined by the faculty mentor, depending on his/her research agenda. The research seminar agenda is focused on reading and evaluating research on the topic set by the faculty mentor, collecting and analyzing either qualitative or quantitative data (or both for mixed methods projects), and/or writing and publishing a research report. The focus of the course may vary each year. Students must gain permission from the faculty mentor to participate in this course. Once accepted to the course, they are expected to participate in the research team for at least two semesters. Space is limited in the course. This course is offered as one of three advanced method course options in the third year of study (other two options are LEAD880 Advanced Qualitative Research and LEAD881 Advanced Quantitative Research).

**BUSINESS LEADERSHIP CONCENTRATION**

**MNGT 750 ORGANIZATIONAL DESIGN 3**

This course examines contemporary organizational design, evaluating organizations as living, dynamic systems. Organizations are explored through the frames of structure, human resources, politics, symbols, chaos and complexity, and appreciative inquiry. Students will also be introduced to classical organizational theory and will learn to critically examine the role of the leader in organizations.

**MNGT 760 ORGANIZATIONAL CHANGE AND DEVELOPMENT 3**

Students will explore theories of organizational change with an emphasis on transformational change (change that occurs at a fundamental level of the system). Strategies for identifying and positively affecting the core of the organization will be discussed. Further, students will acquire a vocabulary and conceptual framework for integrating technical definitions of communication, subjectivity, motivation, and beliefs into a coherent image of collective activity. They will also practice strategies, models, and methods for adapting to and affecting change in interpersonal and group situations. (The course will be deleted and merged into LEAD 810 from Cohort 7.)

**MNGT 765 LEADING IN COMMUNITY: PEOPLE, PROBLEM SOLVING AND CONFLICT 3**

Interpersonal relationships within an organization are critical to the success of the enterprise. Although leaders must often focus on articulating the mission and vision of an organization to external constituents, this emphasis may lead to underdeveloped structures and undernourished personnel within the organization. Leading in Community will provide students with multiple frameworks within which to analyze their own leadership styles, characteristics and effectiveness for the purpose of cultivating community within the organization. In addition, this course will focus on the role of Human Resources within an organization. By the completion of the course, students will develop an ethical framework to identify organizational systems and processes for increasing communication, solving problems, and reducing conflict.

## ADVANCE DEPOSIT

All CCGPS students are required to pay an advance deposit of \$150. This payment will hold a place for the student and be applied to tuition costs.

Eastern University will apply approved state grants, Eastern University grants and scholarships toward the payment of tuition, fees, books, room, insurance, and/or any other charges billed by Eastern University. PLEASE NOTE: A 1.5% Monthly Service Charge will be added to all accounts that become delinquent.

In cases of serious delinquency of financial obligation, the student's account may be placed with a collection agency and ultimately may be listed with one or more credit bureaus. In addition to the delinquent balance, the student will be responsible for any and all monthly service charges accrued on the student's account and any costs, which may range from 25% to 50%, associated with placing the account with a collection agency. ## TUITION

The cost of educating a student at Eastern far exceeds tuition charges. Gifts, grants, endowment and other sources of income supplement student payments to insure a quality educational program.

Modest annual increases in student charges should be anticipated to sustain and advance academic programming.

## POLICY ON RELEASE OF ACADEMIC CREDENTIALS FOR PAST DUE ACCOUNTS

It is Eastern's policy to withhold grade reports, transcripts, diplomas and possibly future registrations anytime there is an outstanding amount due on a student's account. A "hold" does *not* preclude participation in graduation ceremonies.

**Conditional Acceptance** – The candidate provided all required credentials and fully meets the standards for admission once the baccalaureate degree is awarded. An official letter was received from the registrar of the degree-granting institution stating current enrollment status in an undergraduate degree program and the date (month and year) that the degree will be conferred. A final official transcript will be provided after the degree conferral date.

**Provisional Acceptance** – The candidate provided essential credentials and does not fully meet all standards for admission. A provisional acceptance allows the candidate to enroll in up to two courses in one semester to demonstrate an ability to be successful in graduate-level study and achieve the minimum grade-point average required by the program. Financial aid is not available to any student enrolled during the provisional status.

#### **STUDENT CLASSIFICATIONS AND DEFINITIONS**

**Enrolled Student** – A student is enrolled as of the first date of the semester, term or academic session if all admissions requirements have been met, a registration is properly submitted, and payment arrangements have been approved by the Student Accounts Office. The University reserves the right to cancel a student's registration if admission or payment processes are not complete by the end of the full refund period.

**Matriculated Student** – An enrolled student becomes matriculated when accepted into a degree program.

**Degree Student** — A degree student is one who plans to pursue a degree and who has been formally admitted for advanced studies in a particular program.

**Provisional Student** — Provisional admission is a temporary classification in which an applicant may remain for a period of **one semester or term**. If the deficiencies that caused the provisional admission are not corrected by the end of the period, the student may be dropped from the program. Note: Financial Aid is not available. Graduate Counseling Psychology and Education students are limited to six credits in this classification.

**Non-degree Student** — A non-degree student is one who meets all requirements for admission to a specific graduate program, but who does not intend to work for an advanced degree at this institution. This classification includes students who plan to transfer credits to another institution, students studying for personal enrichment, and those who plan special programs of study not connected with a specific department and not leading to an advanced degree. Students must complete and submit an application, proof of graduation in the form of a final transcript from an accredited undergraduate program, and a non-refundable application fee prior to beginning course work. Courses with prerequisites may be taken only if the prerequisites have been met. A non-degree student wishing to take more than

18 graduate credits must apply through the Graduate Admissions Office to become a degree candidate in a specific program of study.

**Certificate or Certification Student** — A certificate student is one who is engaged in a program of study leading to a certificate or equivalent recognition of accomplishment rather than a graduate degree program. Candidates for certification (but not a master's degree) must submit the same credentials as degree applicants and be accepted before they can proceed with a program that will make them eligible for certification. Instructional I certification candidates must also complete an interview with the Graduate Education Advisor and may not enter a degree program until certification requirements are complete.

*NOTE: External agencies have authority to impose new standards for certification before a student's program of study is completed.*

**Doctoral Student** — A doctoral student is one who has earned a master's degree and is enrolled in the Doctor of Arts or the Doctor of Philosophy program.

**Graduate Student** — A graduate student is one who has earned a bachelor's degree from a regionally accredited college, is not pursuing a second bachelor's degree, and is enrolled in graduate-level work.

**Second Degree Student** — A second degree student is one who has earned a master's degree and seeks another master's degree in a different program. The second degree student must complete the entire program of study and may not transfer courses from the first master's degree. When competencies have been met by prior course work, a department chair/program director will require alternate course work to ensure that the degree program meets all standards for content and credits.

**Full-time/Part-time Student** — Graduate students are full-time when enrolled for at least 9 credits in a regular semester/term; they are considered half-time when enrolled for at least 4.5 credits.

Doctoral students are full-time when enrolled for at least 6 credits in each regular semester or when completing the dissertation; they are considered half-time when enrolled in at least 3 credits in each regular semester.

**International Student** — An international student is an F-1 visa holder. F-1 students must be enrolled full-time.

#### **ACADEMIC CALENDARS**

Dates of course offerings and periods of enrollment are determined by the academic calendars approved by the faculty.

Student enrollment is reported according to the official beginning and ending dates of the academic session, term, or semester, not according to individual course dates. A student's degree date and eligibility to participate in commencement exercises is based on the last date of the final academic session, term, or semester, even if course work is completed prior to that date.

#### **MAXIMUM COURSE LOAD**

Graduate students are limited to a maximum of 18 credits in a regular semester and 6 credits in each summer session. Graduate students enrolled in term-based or residency programs are limited to the course load and credit hours specified for the term in their program of study.

#### **TRANSFER OF CREDIT**

A maximum of nine graduate semester credits may be transferred from another accredited graduate program with the approval of the director of the appropriate program and the dean. (Transfer credit is not accepted in accelerated, self-contained degree programs.) An official transcript for this course work must be received by Eastern in order for the course to be transferred. No credit will be granted for courses taken at another institution in which the student has earned less than a grade of "B."

Course work to be taken at other institutions during the student's enrollment at Eastern must be approved in advance. Permission forms are available on Eastern's Web site at [www.eastern.edu/academic/registrar](http://www.eastern.edu/academic/registrar). Course grades and credits for transfer courses approved by the student's program appear on the Eastern University transcript and the quality points are calculated into the student's cumulative grade-point average.

#### **ONLINE LEARNING EXPECTATIONS**

Courses will be delivered fully on-ground, blended/ hybrid (part on-ground, part online) or entirely online. A level of technology competency and access to a computer are required to function effectively. Students become familiar with technology requirements and expectations for course work by reading the Disclosure of Online Learning Expectations prior to their first registration.

#### **CHANGE OF MAJOR AFTER ADMISSION**

Acceptable scores on required admissions tests (e.g., GMAT) must be obtained before a request to change majors will be reviewed. Approval must be granted by the original advisor and the program director of the new major. Some programs have established deadlines for changing majors. It is the student's responsibility to consult with the program advisor to clarify eligibility and procedures.

#### **CLASS ATTENDANCE**

Attendance at all class sessions of accelerated courses is considered a critical element in the accomplishment of learning outcomes.

Class attendance for online courses is defined as an on-line presence demonstrated by active participation in all threaded discussions and virtual chats as required by the instructor. Failure to fulfill requirements within the parameters of each session will result in the student being marked absent.

It is recognized that class absences are sometimes necessary for extenuating professional or personal reasons. It is for these reasons that policies and procedures are established and published by the departments responsible for each program. Please consult your department's Web page or posted/printed materials for specific attendance expectations for your program.

**INACTIVE STATUS**

A student who is not enrolled in a current semester, term, or academic session will be reported as “Withdrawn” for enrollment purposes but may register for the following period without applying for readmission. If no enrollment occurs in a period of twelve (12) months, the withdrawal will be recorded on the academic record and the former student will need to apply for readmission.

**READMISSION AFTER ABSENCE OF TWELVE MONTHS**

Former students who left in good academic standing and wish to resume their studies must complete the graduate student application for readmission form located on the Registrar’s Web page [www.eastern.edu/academic/registrar](http://www.eastern.edu/academic/registrar). Readmission must be approved by the program advisor before a new registration will be accepted.

**READMISSION FOR ADDITIONAL COURSEWORK AFTER PROGRAM COMPLETION**

Former students who completed all program/degree requirements and wish to complete a new program or degree must apply for readmission through the Admissions Office. Special rules apply for financial aid eligibility.

**TIME TO COMPLETE MASTER’S DEGREE PROGRAM**

All requirements for a graduate degree, including courses, comprehensive exams, internships and thesis, must be completed within seven (7) years of enrollment as a degree candidate.

**TIME TO COMPLETE DOCTORAL DEGREE PROGRAM**

All requirements for the Ph.D., including courses, comprehensive exams and thesis, must be completed within ten (10) years of the first enrollment.

**ACADEMIC ADVISING AND STUDENT RESPONSIBILITY**

Students are responsible for all courses for which they are registered, except for courses they officially dropped by written notification to the Registrar. Advisors, program directors and the Registrar’s representatives make every effort to assist students in satisfying course requirements in the desired time period, but it is ultimately the student’s responsibility to meet all academic and financial requirements for the program of study.

**DROPPING/WITHDRAWING FROM A COURSE**

- During the first week of a semester, or the equivalent time in other sessions, a student may drop a course, thereby receiving no grade, by filing a “drop” request with the Registrar’s Office.
- A grade of “W” will be entered on the academic record of any student who withdraws a course before 75% of the semester or term has elapsed. Courses carrying a grade of “W” receive no credit and are not counted in the grade-point average, even though they may carry a financial obligation.
- A student who withdraws from a course after the 75% time frame will receive a grade of “WF” which is computed as an “F.” (Exceptions are made for extreme circumstances and are handled on a case-by-case basis.)
- Students are advised to contact the Financial Aid Office to determine the impact of the withdrawal on overall aid eligibility.

*NOTE: A student who fails to officially drop/withdraw from a registered course will receive a grade of “F” for the course.*

The ability to withdraw and receive refunds for programs vary based upon the established policies of these courses. Grades of “W” are taken into consideration in the calculation of Federal Title IV eligibility. They are also taken into consideration when determining if a student has made Satisfactory Academic Progress.

**DIRECTED STUDY**

Some departments offer a directed study course for students with demonstrated ability and special interests. This course is appropriate when a student has a specialized and compelling academic interest that cannot be pursued within the framework of the regular curriculum or a regular course. Graduate students need to have earned a minimum of 6 credits before attempting directed study.

**INDIVIDUALIZED INSTRUCTION**

Individualized Instruction is the teaching of a regular catalog course to a single student. Individualized instruction is offered only when the University has failed to offer a course according to schedule or with sufficient frequency **AND** it is needed by a student for a critical reason (e.g., impending graduation or job). Both criteria must be met. Severe course conflicts and other student or faculty emergencies may be approved by the appropriate dean on a case-by-case basis as reasons for individualized instruction if no appropriate substitute course can be found.

**COURSE REPEAT POLICY**

- Graduate students may repeat courses in which they earned grades of “B -” or lower. Only two courses in the graduate program may be repeated. The same course may be repeated only once, including withdrawn courses.
- A student who has received a grade of “F” in a required course cannot graduate unless this deficiency is corrected. This course must be repeated the next time it is offered in the regular academic year. The course must be repeated at Eastern.
- When a student repeats a course, only the higher grade is used in calculating the grade-point average, but both grades appear on the transcript.
- Credit is granted once for a repeated course, unless the course description specifically allows accrued credit.

**ACADEMIC APPEALS AND GRIEVANCES**

An appeal is defined as a request to a higher authority to change a decision that was made, typically a decision that the student believes adversely affects her/his academic career. A grievance is a complaint or concern of a student regarding a faculty or staff member at the university. For any academic appeal or grievance, if a student is enrolled in class(es) while the case is being heard, the student is responsible for the policies and procedures associated with the class(es).

Students wishing to appeal a course grade should follow the process listed under “Grade/Evaluative Action Appeal Process.” The process for redress of grievances is found in the Student Handbook, under “Student Rights, Freedoms, and Responsibilities.”

If a student wishes to appeal an academic decision other than a grade/evaluative action, the student shall make written appeal to Dean of the College in which the student is enrolled. The letter of appeal should include the date of the letter, the student's full name, the Eastern University student identification number, the action requested, and detailed reasons for the request, including all supporting documentation. The appeal should be complete, since once submitted, the student will not be able to submit further evidence or request reconsideration by the Dean. The Dean may, at his/her discretion, limit his/her review to the written record provided, seek a meeting (in person or telephonically) with the student, and/or draw on a faculty group to review and advise. Within fifteen (15) business days of receipt during the academic year, the Dean will notify the student in writing of the Dean's decision with respect to the student's appeal.

#### **Academic Petitions (Request for Exception to Policy)**

If a student wishes to petition for an exception to an academic policy, the student shall petition the Dean of the College in writing. The letter of petition should include the date of the petition, the student's full name, the Eastern University student identification number, the request (petition) for an exception, and detailed reasons for the request, including all supporting documentation. The petition should be complete, since once submitted, the student will not be able to submit further evidence or request reconsideration by the Dean. The Dean may, at his/her discretion, limit his/her review to the written items provided, seek a meeting (in person or telephonically) with the student, and/or draw on a faculty group to review and advise. Within fifteen (15) business days of receipt during the academic year, the Dean will notify the student in writing of the Dean's decision with respect to the student's petition.

#### **Procedure for Student Appeals to the Provost**

To appeal a decision by an academic dean (including a decision on an academic petition) the student may appeal to the Provost of the University. Within 7 days of the Dean's transmittal electronically or by mail of his/her decision to the student, the student may appeal the Dean's decision by sending a letter by certified mail or overnight courier or e-mail with a return receipt requested to the Provost, with a copy to the Dean. In this letter or e-mail of appeal, the student shall state in detail why the decision by the Dean lacks substantial evidence or was capricious or discriminatory. The student shall include the student's full name, the Eastern University student identification number, the College the student is enrolled in, and an explanation of the grievance and supporting documents.

The Provost may, at his/her discretion, limit his/her review to the written record provided, seek a meeting (in person or telephonically) with the student, and/or draw on a faculty group to review and advise. The Provost shall affirm the decision of the Dean unless the Provost determines that the Dean's decision is arbitrary and capricious or otherwise lacks substantial evidence, in which case the Provost may remand the matter to the Dean with instructions. The decision of the Provost shall be final.

#### **GRADING SYSTEM**

Following are the grades and the quality points assigned to each.

<i>Grades</i>	<i>Grade points per semester hour</i>
A+, A, A-	Excellent 4.0, 4.0, 3.7
B+, B, B-	Good 3.3, 3.0, 2.7
C+, C, C-	Fair 2.3, 2.0, 1.7
F	No Credit/Fail 0
I	Incomplete 0
P	Pass
W	Withdrawn
WF	Withdrawn Failing

#### **GRADE PENALTY FOR ACADEMIC DISHONESTY**

When academic honesty is violated, according to the definition adopted by the faculty and whatever additional definition the instructor has published to his/her students, the instructor may choose one of the following penalties according to his/her assessment of the severity of the infraction and any extenuating circumstances:

1. Assign a grade of F or "zero" on the paper, project, or examination but allow re-submission, resulting in a maximum grade of C.
2. Assign a grade of F or "zero" on the paper, project, or examination without the opportunity for re-submission.
3. Assign a grade of F in the course.

In all cases the instructor will forward, in writing, evidence of the academic dishonesty and the academic penalty to the Faculty Representative to Administration.

#### **GPA**

The total quality points divided by the total credit hours which the student has attempted yields the grade-point average. Foundation courses are not considered in calculating the grade-point average, nor are courses graded Pass.

#### **INCOMPLETE**

The grade "I" is given when a student fails to complete course requirements because of extreme and unforeseen extenuating circumstances that may have affected academic performance. The "I" must be approved by the professor teaching the course. In an effort to provide interim assessment during the incomplete period, the professor will provide a completion outline with a timeline of deliverables during the makeup period. This form must be signed by the professor and student before the end of the semester/session. The incomplete is recorded at the end of the semester/session and must be removed within 180 days. The "I" grade automatically becomes an "F" if the student does not complete course requirements and a change of grade is not submitted within the time frame stipulated above. In the case of persistent or additional extreme and unforeseen extenuating circumstances, an extension of the incomplete or a "W" (Withdrawn) grade may be authorized. An "Exception to Policy" form, available from the Office of the Registrar Web page, [www.eastern.edu/academics/registrar/index.html](http://www.eastern.edu/academics/registrar/index.html), should be completed and submitted to the Dean, along with documentation of the persistent or additional extreme and unforeseen extenuating circumstances. "W" grades will

be awarded only for the course the student was passing at the time he/she became incapacitated. Courses carrying a grade of "W" receive no credit and are not counted as hours attempted.

Field Placements can be a special situation with extended time required to fulfill the work. Therefore, extensions for incompletes in field placement courses will be considered on a case-by-case basis.

At the time of review of academic progress and before the start of the next session (see Academic Standing section) graduate students having more than one Incomplete in a semester will have their records reviewed. This review may include contacting the professors of record who granted the Incompletes. The dean is authorized to place students with more than one Incomplete on academic probation.

#### **GRADE CHANGE POLICY**

A grade awarded other than an "I" is final. Final grades will be changed when a clerical or computational error has been determined. If the student believes there is an error, the student must report the alleged error in writing to the professor as soon as possible. If a grade change is warranted, the instructor must submit a change of grade request to the Registrar.

#### **GRADE/ EVALUATION ACTION APPEALS POLICY**

The Grade Appeals Policy applies only to questions of faculty evaluation of student performance. Since evaluation involves issues of judgment, action to revise a grade in the student's favor will not be recommended unless there is clear evidence that the original grade was based on prejudiced or capricious judgment or that it was inconsistent with official policy.

#### *Procedure*

The main concern in any grievance or appeal procedure is to bring reconciliation and growth in ways that enhance community. The first approach to any appeal should be non-adversarial and open, undertaken with careful attention to fostering understanding and problem solving. The expectation is that the majority of appeals can be resolved through a flexible process at the first or second steps outlined here. Students shall have protection against prejudiced or capricious academic evaluation through the publication of clear course objectives, grading procedures, and evaluation methods.

In accordance with Matthew 18, the process of appealing a grade or evaluative action is as follows:

**Step 1:** As stated above, the student should communicate with the instructor for an explanation of the grade or evaluative action. On rare occasions, a student and instructor fail to resolve the grade or evaluative action appeal through these informal measures, and in these cases, the student may then proceed to step 2. However, the formal appeal in Step 2 must begin within four weeks of the beginning of the following semester<sup>4</sup>.

**Step 2:** A student may initiate a formal appeal by completing the Grade/Evaluative Action Appeals Form (Appeals Form) and submitting it to the course instructor. The Appeals Form must be submitted within four weeks of the beginning of the semester<sup>4</sup> immediately following the

semester<sup>4</sup> in which the grade/evaluative action was received. The Appeal Form must include all necessary documentation and evidence to support the grade/evaluative action appeal (Note: no additional documentation may be submitted beyond this step). The student should keep a copy of the form and attachments in the event that the student chooses to proceed to Step 3. The instructor will respond to the Appeal Form and accompanying documentation in writing within two weeks of receiving the Appeal Form<sup>2</sup>.

**Step 3:** If the student is still not satisfied with the resolution, the student must make a written<sup>1</sup> request to the instructor involved to submit the Appeal Form and accompanying documentation to the departmental chairperson/program director. The instructor will then forward the Appeal Form and all accompanying documentation to the chairperson/program director of the program. **This written request must be forwarded to the chairperson/program director within one (1) week following the due date of instructor's decision.** The departmental chairperson/program director will submit a written response to the student within two (2) weeks following the student's written request for an appeal. A copy of the response will be provided to the student, instructor and program Dean.<sup>3</sup>

**Step 4:** If, after receiving a reply from the departmental chairperson/program director, the student is still not satisfied with the resolution, the student must make a written request to the departmental chairperson/program director to submit the Appeal Form and accompanying documentation to the program dean. The written request must occur within one (1) week of receiving the departmental chairperson's/program director's decision. Upon receipt of the written request from the student, the departmental chairperson/program director will inform the program dean that the Appeal Form and accompanying documentation will be forwarded. The student's written request will be attached as a cover page and then forwarded with the Appeal Form and all accompanying documentation to the program dean. The program dean will submit a written response to the student within two (2) weeks following the student's written request for an appeal. A copy of the response will be provided to the student, instructor and program chairperson/program director.

**Step 5:** If, after receiving a reply form from the program Dean, the student is still not satisfied with the resolution, the student must make a written<sup>1</sup> request to the program Dean to submit the Appeal Form and accompanying documentation to the Academic Appeals Committee. This written request must occur within one (1) week of receiving the Dean's decision. The Dean will then forward the Appeal Form and all accompanying documentation to the Academic Appeals Committee. The student's written request will be reviewed at the next scheduled Academic Appeals Committee meeting. The Academic Appeals Committee will hear a presentation by the student of his/her case and will consider the recommendations from Steps 2, 3 and 4. The Academic Appeals Committee will then decide the merits of the case. The decision of the Academic Appeals Committee will be final.

- <sup>1</sup> May be satisfied by use of the eastern.edu email account and becomes a part of the appeals documentation.
- <sup>2</sup> If the faculty member involved in the appeal is the departmental chair/program director, the student should go immediately to Step 4.
- <sup>3</sup> If the faculty member involved in the appeal is the program Dean, the student should go immediately to Step 5.
- <sup>4</sup> Semester refers to the period of time in which the course is instructed and evaluated.

Go to [www.eastern.edu/academic/registrar](http://www.eastern.edu/academic/registrar) to download the Grade/Evaluative Action Appeals Form.

#### **FINAL GRADE REPORTS**

At the end of each semester or other session, students may access their academic records on [www.eastern.edu](http://www.eastern.edu), E-net Student Services or [myeastern.edu](http://myeastern.edu).

#### **SATISFACTORY ACADEMIC PROGRESS**

Graduate students must achieve a minimum 3.0 cumulative GPA once 12 credits are earned. 2.75 GPA is acceptable for less than 12 credits. Specific programs may enforce additional policies based on external accreditation and professional standards for satisfactory academic progress.

#### **ACADEMIC PROBATION**

Students who fail to achieve the required grade-point average for their level of credits will be placed on Academic Probation. The Registrar will record the probation at the end of the semester/session and students will have 180 days in which to return to good academic standing. Students with two or more incomplete grades may be placed on probation when normal progress toward graduation is in jeopardy.

The student's academic program handbook may announce more stringent standards for satisfactory academic progress, especially as they apply to program accreditation. Graduate students in Counseling Psychology and Education programs who are placed on Academic Probation will be limited to two courses of any kind (graduate or undergraduate), or a maximum of 6 credit hours, until they return to good academic standing.

#### **DISMISSAL**

Students may be dismissed from Eastern for failure to maintain the required cumulative grade-point averages, for ethical misconduct, or for failure to complete graduate degree requirements within the allowed period of seven years. There is no provision for re-admission following dismissal for ethical or academic reasons once the appeal process has been exhausted.

The Dean makes dismissal decisions when it is highly unlikely for the student, under present circumstances, to complete the requirements for graduation. The Dean will consider more stringent standards for satisfactory academic progress announced in the handbook of a student's academic program, especially as they apply to program accreditation.

Students receiving one or more failing grades in a session or semester will have their cases reviewed. The dean has the option to require immediate withdrawal regardless of prior academic performance when there is little or no like-

lihood of success following two or more failing grades.

Also, a violation of integrity and honesty is a serious offense, considered sufficient basis to terminate enrollment.

#### **APPEAL OF DISMISSAL**

A student may appeal a dismissal decision to the CCGPS Academic Appeals Subcommittee (convened for such appeals, as needed) by submitting an Academic Dismissal Appeal letter. This letter should: 1) explain and document perceived irregularities in the application of the academic dismissal policies and procedures, which had the effect of rendering the dismissal decision arbitrary or capricious, 2) present new information which was not available at the time of the dismissal, and/or 3) explain extreme and unforeseen extenuating circumstances that may have affected academic performance. In the letter, the student should propose plans to address previous difficulties to ensure future success. All supporting documentation should be included or attached to the letter.

Appeal letters must be received within two weeks of receipt of notification of dismissal. Letters should be sent to the University Registrar, who will forward them to the chairperson of the Academic Appeals Subcommittee. The decision of the Subcommittee following the appeal will be final.

#### **GRADUATION**

Students must provide written notification to the Registrar's Office of their intention to graduate at least six months in advance of the anticipated graduation date. A form is available on the Registrar's Web page [www.eastern.edu/academic/registrar](http://www.eastern.edu/academic/registrar). In order to graduate, a student must fulfill all requirements for the intended degree, including: total semester credits; residency requirement; core curriculum; major curriculum; total grade-point average of 3.0 for graduate degrees; and any test/field experience required by the academic department. (Consult the academic advisor for specific requirements of the intended degree.)

Degrees are awarded to qualified graduates on January 31, March 31, May 31, August 31, October 31 and December 31 each year. Diplomas are normally distributed by U.S. mail within 60 days following the degree date except when graduates have unpaid bills or other obligations.

Commencement ceremonies are held each May and December to recognize students who completed degree requirements in the six month period since the last ceremony. Participation in the designated Commencement ceremony is voluntary although the cost of participation is factored into student charges.

Students whose Degree Award or Candidacy date is January 31, March 31 and May 31 participate in the May Commencement Ceremony (date announced in the annual calendar). Students with Degree Award or Candidacy dates of August 31, October 31 and December 31 participate in the December Commencement ceremony (date announced in the annual calendar).

*Participation in the ceremony celebrating the student's graduation is encouraged, but optional. A student may not elect to participate in a ceremony for which he/she is not eligible.*

# STUDENT CONDUCT POLICIES AND PROCEDURES

## BEHAVIORAL EXPECTATIONS AND STANDARDS

Behavioral expectations serve the aims and purposes of Eastern University as a Christian university and are in the best interests of students, faculty, and staff alike.

1. Academic honesty and integrity
2. Respect and equal treatment for all individuals
3. Tolerance for diversity and differences of opinion
4. Preservation of an uninterrupted, professional, and positive learning environment
5. Professionalism in interactions and attire
6. Conduct conducive to maintaining a genuine Christian environment where personal and spiritual growth is encouraged

Students should expect to be held responsible for violations of behavioral standards. Such violations include, but are not limited to:

1. All forms of dishonesty including but not limited to: cheating, plagiarism, theft, furnishing false information, and altering documents with the intent to defraud.
2. The use, sale, distribution, and/or possession of all illegal drugs on or off campus.
3. The use of racial or ethnocentric invectives, epithets, slurs, utterances, or physical acts or threats (written or spoken) used to attack or injure another individual rather than express an idea, ideology, or philosophy. Racial and ethnic intimidation and harassment is illegal in the state of Pennsylvania. Students are encouraged to report incidents relating to racial and ethnic intimidation and harassment to the local police and to the Dean of Students. The University will cooperate fully with the police in these matters.
4. Smoking in the classroom or in other "non-smoking" areas of the classroom or office facilities.
5. Possession or use of alcoholic beverages within an approved Eastern University site or attending a class "under the influence" of alcohol.
6. Possession or use of firearms or weapons (including air rifles, air pistols, knives, potato guns and blowguns), ammunition or explosives (fireworks) in or upon University-owned, supervised (leased/rented/contracted), or adjacent property.
7. The disruption or obstruction of teaching, research, administration, disciplinary proceedings, or other university activities.
8. Physical assault, abuse, threats, and verbal or written intimidation of any person.
9. Theft from or damage to University premises or damage to property of a member of the University community.
10. Violations of law on or off University premises.
11. Failure to comply with directions of University officials acting in performance of their duties.
12. Retaliation, intimidation, or coercion directed against any member of the community, anyone who intends to register a complaint, or anyone who has done so.
13. Use of cellular phones and pagers in the classroom or during any academic presentation.

## ACADEMIC DISHONESTY

The student is responsible to become familiar with acceptable standards for research and documentation and to abide by them. Academic dishonesty includes but is not limited to:

1. Plagiarism or presenting words, pictures, ideas, or artwork, that are not your own, as if they were your own, in spoken, written, or visual form.
2. Submitting a paper written by another student or another person as if it were your own.
3. Submitting a paper written by you for another course or occasion without the explicit knowledge and consent of the instructor.
4. Fabricating evidence or statistics that supposedly represent your original research.
5. Cheating of any sort on tests, papers, projects, reports, and so forth.
6. Falsification of any materials submitted for admission or grading purposes.

Each faculty member is required to send a record, together with all evidence of all cases of academic dishonesty, to the Academic Dean, who will forward the information to the Dean of Students. (See the Grading section under Academic Policy and Procedure for penalties associated with academic dishonesty.)

## ACCOUNTABILITY

The principle of accountability is basic to providing a climate in which students are encouraged to take responsibility for their actions. Students who violate University expectations and standards are held accountable for their behavior. Students can expect to be confronted, counseled, advised, and, when warranted, disciplined. As a Christian university, Eastern University reserves the right to dismiss, at any time, a student whose conduct is inconsistent with the aims and objectives of a Christian educational community. Eastern seeks to provide a climate of trust and trustworthiness and therefore is committed to a process that will ensure essential fairness for its students. Practices in disciplinary cases may vary in formality with the gravity of the offense and the sanctions that are applied. The disciplinary authority of the University is vested in the President, in the Deans, and in various disciplinary bodies of the University. The Judiciary Board and all other disciplinary bodies are recommending bodies to the University administration.

## STUDENT RIGHTS

These standards represent the minimal procedural protection to be accorded to students charged with most disciplinary violations:

1. To know the nature of the charges.
2. To arrange for counsel of his/her academic advisor or other faculty member of his/her choice, throughout the proceedings.
3. To receive a reasonable time to prepare for a hearing.
4. To remain silent when his/her response might be self-incriminating.
5. To receive the decision in writing.
6. To appeal the decision.

According to court decisions, universities are not expected to develop regulations that are written with the scope or precision of a criminal code. Rare occasions may arise when conduct is so inherently and patently dangerous to the individual or to others that extraordinary action not specifically authorized in this policy may be taken.

### INITIAL INFORMATION

1. Any member of the Eastern community may report information regarding an alleged incident of misconduct to any member of the Student Services staff.
2. The identity of the informant shall remain confidential insofar as possible.
3. When an incident occurs, it is the responsibility of the Dean of Students to determine whether to:
  - Dismiss the matter without disciplinary action; or
  - Invoke disciplinary sanctions in those instances wherein the best interest of the individual and community are best served by private proceedings; or
  - Refer the matter to the Judiciary Board for review and recommendation.

### INVESTIGATION

1. The Dean of Students shall assume responsibility for the preliminary investigation of the alleged incident.
2. The matter shall be discussed with the accused.
3. All pertinent sources of information shall be consulted in order to determine the validity of the initial information.
4. The accused shall have the right to request the counsel of his/her academic advisor or a trusted University employee or faculty member during the investigation. This request is at the initiative of the accused.
5. The Dean of Students shall have the power to suspend a student in extraordinary circumstances pending final adjudication of any case.
6. The University is not obligated to defer disciplinary investigations, hearings or decisions awaiting the outcome of criminal charges pending in various courts, if applicable.

### HEARING PROCEDURES

These procedures shall be in effect whether the matter is being considered by the Dean of Students or by the Judiciary Board.

1. The focus of inquiry in disciplinary proceedings is to determine whether the student has violated the University's policies and should therefore be held accountable. Formal rules of evidence shall not be applicable, nor shall deviations from prescribed procedures necessarily invalidate a decision or proceedings, unless significant prejudice to the accused or the University may result.
2. The hearing shall be open only to those individuals having a direct, personal interest in the proceedings, at the discretion of the Dean of Students. Hearings are not open to lawyers engaged by the accused.
3. The accused must notify the Dean of Students prior to the scheduled time of the hearing if he or she cannot be present. Failure to appear at the scheduled time without prior notification may result in adjudication of the matter in the student's absence.
4. On occasions in which the incident of alleged misconduct involves more than one student, the Dean of Students or Judiciary Board reserves the right to consider the cases separately or jointly.
5. The Dean of Students or Judiciary Board shall raise questions pertinent to the alleged incident, to the attitude of the accused, and to his/her previous behavior.

6. All parties, including the accused, shall be excused from the hearing room when the questions are concluded.
7. A judgment will be made as to whether the student has violated University policy or published policy of the degree program. The disciplinary action, if any, shall be determined by the Dean of Students, or, if the matter is before the Judiciary Board, disciplinary action shall be recommended to the Dean of Students.
8. The decision shall be reported to the accused by the Dean of Students as soon as possible. The notification shall include information pertinent to the decision.
  - a. This may be done verbally when possible.
  - b. This will be reported in writing even if reported verbally.

Judiciary Board Members - The Judiciary Board is made up of voluntary faculty, staff, and students and is convened by the Dean of Students on a case-by-case basis as deemed necessary.

### DISCIPLINARY SANCTIONS

The following sanctions are ones that may be involved when disciplinary action is taken:

1. Growth Initiative: A Growth Initiative is a policy that grants the possibility of immunity from punitive discipline if a student initiates an appointment with the Dean of Students and a request for help, prior to the knowledge of inappropriate behavior coming to the attention of University officials.
2. Censure: The action implies that the student's behavior was inappropriate and not to be condoned. Conditions of the censure may be given in writing to the student.
3. Disciplinary Probation: Such probation implies that the offense was of a more serious nature. The probation becomes part of the record on file with the Dean of Students Office. The length of the probationary period will be defined for each case. When on disciplinary probation, one may or may not be eligible to participate in co-curricular activities in which the student would represent the University to individuals and groups outside of the University. Violations during the probationary period will usually result in a more punitive response.
4. Restitution: The offender is required to make reimbursement for damage to or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages or fines. Restitution may be combined with another of the possible disciplinary sanctions.
5. Work Assignment: The requirement to perform certain duties as restitution for inappropriate behaviors and actions, or in some cases in lieu of fines.
6. Fines: Under certain circumstances, a monetary fine may be assessed. It will be posted to the student's account along with notation as to the nature of the fine.
7. Withdrawal: When a student's behavior and/or attitude seems inconsistent with University expectations, it may be determined that the student should withdraw to evaluate himself/herself and his/her relationship to Eastern.

8. Suspension from University-sponsored housing: There is no refund or release from financial responsibility.
9. Suspension from the University: Participation in the University as a student is suspended.
10. The suspension will normally be followed by a period of disciplinary probation. Students are subject to academic penalties for work missed as a result of disciplinary action. Faculty members are not obligated to permit make-up of missed assignments and examinations in such cases.
11. Expulsion: One's status as a student is terminated for an indefinite period with little, if any, likelihood of re-admission.

#### **APPEALS**

1. A person may appeal a disciplinary decision made within the Eastern community to the Vice President for Student Development, who shall be the final appeal authority.
2. A written appeal must be received within one week of notification of the previous decision.

An appeal should be based on perceived irregularities in the application of the policies and procedures outlined heretofore, which had the effect of rendering the disciplinary decision arbitrary or capricious, or based on new information which was not available at the time of the hearing.

#### **ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES POLICY**

Eastern University will make reasonable accommodations for students with disabilities in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. The purpose of accommodations is to provide equal access to educational opportunities to students with disabilities, and it is not intended that academic standards be lowered or essential elements of programs or courses be changed. Accommodations can include changes and modifications in the classroom, in assignments, and in the way tests are administered. Nonacademic accommodations can include changes and assistance to students relating to mobility and access to campus buildings.

Accommodations are granted on the basis of determined need and documentation of disabilities. In the event that disagreements arise between students and professors or administrators of the University over issues of accommodation, a due process procedure has been developed to settle such disagreements.

#### *Procedure for Requesting Accommodations*

1. Students requesting accommodations on the basis of disabilities must fill out a request form that is available from the Cushing Center for Counseling and Academic Support (CCAS) and the Student Development Office of Eastern University. If students require assistance in completing the form, they should request it from CCAS.
  - All requests for accommodations, both academic and nonacademic, should be submitted on the request form to the Director of CCAS.
  - If the requests involve nonacademic accommodations, the CCAS Director will notify the Dean of Students and send her/him a copy of the request form.

- Students are encouraged to submit a request form in advance of the semester term they plan to attend Eastern so that the request can be considered and appropriate arrangements implemented when the student begins.
2. Documentation of disabilities should accompany the request form. Documentation should be a report by a professional qualified to evaluate disabilities in areas specific to the student. Documentations might include a psycho-educational evaluation by a psychologist or educational specialist, or a report from an orthopedist, neurologist, or other physician regarding physical disabilities. The documented evaluation must be recent to indicate the extent and severity of the student's disability and the extent of need for accommodations at the present time. This time frame will vary but is typically no longer than five years.
  3. Students should make an appointment to meet with CCAS staff to discuss their specific requests and needs for accommodation. In response to the student's written request, a decision will be made within a reasonable period of time after submission of the form. In the interim, a plan addressing the student's needs will be put into action, if appropriate.
  4. Students who have been granted academic accommodations for a particular semester are responsible to update their requests with CCAS each semester; this will not be done automatically. This typically involves providing a current list of their classes and reviewing with a CCAS staff member whether the accommodations requested previously are still appropriate. An in-person interview may be required.
  5. Students whose disabilities and needs for accommodations change after initial requests for accommodations have been implemented should resubmit a Request for Accommodations form stating the changes and additional or new requests for accommodations.
  6. Essential components of courses or programs are listed in their respective descriptions in the Eastern University catalogs. These components will not be changed or eliminated, but modifications in the way the student meets these requirements will be made.
  7. In implementing accommodations approved by the University, a letter from CCAS and/or the Dean of Students will be sent to the appropriate faculty member, administrator, or staff member. In addition, the student will be encouraged to arrange meetings with all involved faculty members to discuss the nature of his or her disability as well as specific needs for accommodations.

#### *Procedures for Settling Disagreements Regarding Disability Accommodations*

In the event of a disagreement between student and faculty or other agent of the University over an issue of accommodation, the following plans for settling disagreements will be used, affording the student due process:

1. The student should discuss his/her disagreement with the faculty member and try to resolve the disagreement.
2. If the problem is not resolved, the student should continue to reach resolution through the lines of

academic authority at the University: 1) professor, 2) Assistant Director of Student Services, 3) Dean of CCGPS. Attempts should be made to settle the dispute at the lowest level of authority possible, and if agreement is not reached after a reasonable period of discussion and negotiation, appeal to the next highest level of authority. The student should keep CCAS informed at all levels of the dispute.

3. A Disability Accommodations Committee will assist in creating, reviewing, and revising policy regarding accommodations for students with disabilities. The committee will meet twice a year and convene at other times to assist in resolving disagreements with respect to accommodations for students with disabilities. The committee will be a faculty committee of the faculty senate and composed of three teaching members of the faculty who have interest and expertise in fields that would best serve the committee (e.g., special education, psychology, nursing, rehabilitation, etc.). In addition to the core members of the committee, other faculty members and experts could be invited to serve on the committee who have expertise in the particular issue of accommodation and will meet within 10 class days after receiving a written request to consider the issue of accommodations. The Committee will provide written decision within 10 class days after its meeting. If, after its initial meeting, the committee decides that more information is needed (i.e. additional evaluation of the student), the time the committee has to provide a written decision may be extended another 10 class days. The decision rendered by the Disability Accommodations Committee will be the University's final decision.

#### **SEXUAL HARASSMENT POLICY**

Believing that members of our community have the right to work, study, and communicate with each other in an atmosphere free from unsolicited and unwelcome sexual advances, Eastern University does not condone and will not tolerate behavior, verbal or physical, which constitutes sexual harassment.

#### *Definition*

Sexual harassment is a form of discrimination in violation of Title VII of the Federal Civil Rights Act of 1964, Title IX of the 1972 Education Amendments, the Pennsylvania Human Relations Act, and Eastern University policy. Unwelcome sexual advances, requests for sexual favors, inappropriate behavior of a sexual nature, and other written, verbal, or physical conduct of a sexually intimidating or offensive nature constitutes sexual harassment when:

1. Such conduct is pursued among persons who have not mutually consented (implicitly or explicitly, verbally or non-verbally) to such conduct;
2. Submission to such conduct is made, explicitly or implicitly, a term or a condition for employment, advancement, matriculation, or academic evaluation at Eastern University;
3. Submission to, or rejection of, such conduct is used as the basis for employment or academic decisions;
4. A pattern of singling out members of one sex for disproportionate attention with elements of emotional or physical pressure;

5. Such conduct has the purpose or effect of substantially interfering with an individual's employment or academic performance or creating an intimidating, hostile, or offensive residential, work, or academic environment. Sexual harassment is unwelcome and usually repeated behavior, but in some instances it can be an action that occurs only once.

Examples of sexually harassing conduct include, but are not limited to:

1. Repeated sexually suggestive looks, gestures, or questions;
2. Repeated, unwanted, and unacceptable remarks that stigmatize or ridicule on the basis of gender or sexual matters;
3. Persistent following, letters, or phone calls discussing sexual matters;
4. Display of offensive, sexually oriented visual materials (i.e., photos or posters) except for the purposes of instruction as appropriate to course objectives;
5. Cornering or leaning over, touching, pinching, or patting;
6. Pressure for sexual favors.

#### *Dealing with Sexual Harassment*

Eastern University strongly urges that each member of the community know their rights and responsibilities, cooperate with those who are designated to help resolve allegations of harassment, and report incidents of harassment, especially if she/he is a victim.

#### *What to Do:*

1. Say no to the offender. Respond immediately and directly to the offender, indicating that the behavior or remark is not acceptable. State without smiling or apologizing that you want the behavior to stop, and make it clear that you do not approve.
2. Do not ignore the problem. Experience shows that this only makes things worse.
3. If you are unsure that your experience was sexual harassment, discuss it with a trusted friend, colleague, or a member of the Student Services staff on an informal basis.
4. Keep a written record of the harassment. Include the date, time, place, and any other relevant circumstances. Record your response to the harassment as well. Keep all relevant correspondence that may be used as evidence of harassment, such as letters, notes, or memos.
5. Find out if someone witnessed the incident or your reaction immediately after the incident. That person may be a witness for you. Take names and phone numbers for future references.
6. If you feel that your academic or work evaluation will be affected by the harassment, ask for and collect copies of past evaluations or anything that would tell the quality of your work.

#### *The Procedure for Reporting Sexual Assault*

Members of the Eastern University community are encouraged to report information regarding an alleged incident of sexual harassment or assault to the Dean of Students.

Should the alleged victim choose to do so, she/he may choose a support person who may be a friend or may be a

trusted staff or faculty member of the Eastern University community. The support person may accompany and advise the alleged victim in the investigation and in any informal or formal procedures which follow.

The following procedures apply when the alleged perpetrator is a student. If the alleged perpetrator is a staff or faculty member, the Faculty Representative to Administration will provide information about the procedure. To initiate an informal grievance, the victim of the alleged incident or her/his support person should inform the Dean of Students of her/his intent. The Dean of Students will seek to resolve the complaint informally in a manner satisfactory to both the complaining party and the accused party. If the complaint is not resolved to the satisfaction of both parties, the complaining party may elect to initiate a formal grievance. The victim of the alleged incident is not obliged to pursue an informal grievance before filing a formal grievance.

The victim of the alleged incident may initiate a formal grievance to the Dean of Students, after which the Dean of Students will notify the accused party of the incident. If evidence warrants it, a formal hearing will be convened. The nature of the charges necessitate that the Judiciary Board be composed of the Dean of Students, at least one male faculty member, at least one female faculty member, at least one male student, and at least one female student. The fifth voting member will be of the same gender as the alleged victim. An effort will be made that the same members of the Board be present at every hearing for the particular case. Either the victim or the accused may request that a student member be included or excluded.

If the alleged perpetrator is a member of the faculty or staff, the Dean of Students will report the incident to the Dean to whom the alleged perpetrator reports. The provisions of the *Faculty and Staff Handbook*, available in the full official edition of the Sexual Harassment Policy, will pertain relative to hearing proceedings.

#### *Confidentiality and External Charges*

The University will maintain complete confidentiality regarding allegations. Only those directly involved in the alleged incident(s) and resulting investigation will have access to information concerning the case unless the alleged victim or accused chooses otherwise. The victim of criminal activity such as sexual harassment or assault is strongly encouraged to file formal charges with the local police. The victim will receive support from all members of the Student Services Office should the victim choose this option. The internal procedure will be implemented and disciplinary sanctions imposed without regard to the status of the external procedure.

Eastern University strictly prohibits any retaliation, intimidation, or coercion directed against any member of the community, anyone who intends to register a complaint, or who has done so. Any member of the community who, after appropriate investigation, has been determined to have retaliated against a complainant or one who expresses the intent to complain (or against any other party involved) will be subject to disciplinary action. If any member of the Eastern University community believes she/he has been retaliated against, that person should contact the Dean of Students.

#### **INCLUSIVE LANGUAGE**

Eastern University is committed to the belief that in Christ, and in the new order inaugurated in His life, death, and resurrection, there can be no room for inferior and superior categories of human beings, on the basis of gender, race, ethnic, or national origin (Galatians 3:28), physical health or ability, age, etc.

Within this conviction, Scripture teaches that male and female alike respond to the calling of God into the ministries of Christ, and that both male and female are gifted by God's Spirit for such ministries (Acts 2:16-18).

In light of the insight provided by contemporary scholarship into the ways language shapes as well as reflects culture, we have a particular responsibility to use language in ways that do not exclude members of that community, or distort the significance of contributions made by all persons to our historical and present day experience.

Therefore, the University expects all members of its community (as well as other persons who are invited to address various forums at Eastern functions):

1. To use inclusive language when speaking about or addressing human beings in written and oral communication. Faculty may return written work to students for rewriting in keeping with this expectation and should make them aware of oral communication habits which tend to be exclusive.
2. To exercise sensitivity in the selection of classroom materials and examples. It is desirable that all students feel included and recognized in academic discourse.
3. To exercise grace in ways which will allow persons to grow from traditional, habitual language patterns toward more inclusive ones.

#### **CLASS PARTICIPATION**

All "talk" does not constitute good class participation. Participation that contributes to a positive grade is characterized by the following:

1. Ties personal experiences to the concepts that are being studied, giving an orderly, brief version of the experience, with a point that is stated clearly.
2. Avoids repeating in a different form points made by others.
3. Shows evidence of having completed, understood, and applied to the readings.
4. Incorporates ideas shared by others and the instructor to create a "fuller picture" of the concept under review.
5. Poses real-life questions or challenges that spring from the discussion material and attempts to shape an "informed" conclusion.

#### **COPIES OF COURSE ASSIGNMENTS**

Students are responsible for retaining a copy(ies) of all materials submitted for grading. If a paper or project is misplaced or lost in transition, the student must provide a substitute copy upon request.

# STUDENT SERVICES

## ACADEMIC ADVISING

Each student is assigned an academic advisor by one's department or school. Depending on the nature of the program, the advisor may be able to assist the student with the following functions: changes of status, requests for Incompletes, petitions for exceptions to policy, grade appeals, graduation clearances, academic plans or programs of study, professional and career advising, and other matters that will contribute to the student's successful and timely completion of his or her chosen program.

## STUDENT RESPONSIBILITY

It is the student's responsibility to be knowledgeable about academic policies, curricula and services of the University, as stated in this publication and posted to [www.eastern.edu](http://www.eastern.edu), particularly with regard to degree requirements. A student experiencing personal and/or academic difficulties should contact her/his program advisor at the earliest possible time to ensure appropriate interventions and remedies.

## CAREER SERVICES

Career Services equips current students and alumni with the tools and skills needed to manage their careers in constantly changing work environments. Services include résumé critique, mock interviews, networking tips, and job search strategies. Helpful online resources, such as articles on job market trends and current salaries, as well as a list of career fairs. Contact [gpscarseerve@eastern.edu](mailto:gpscarseerve@eastern.edu) for more information.

## CHAPLAINCY SERVICES

## DATA AND IDENTITY SECURITY

Eastern has taken a layered approach to IT security. Physical access to enterprise systems is very limited and strictly controlled. Electronic access to those systems and data is dependent on who the user is, their specific relationship to the University, and what they need to know in order to function in that relationship. The IT infrastructure limits the kind of communication that can reach the systems and from where, both internally and externally. In addition to the University firewall, an intrusion detection system adds another layer of security. Other layers of security are being constantly evaluated.

Identity theft is more likely to happen in ways that are controllable by individual technology users. You can help to protect your own information by following these guidelines:

- Don't answer any e-mail that asks for personal information.
- Make online purchases only at established, reputable sites.
- Don't leave logins, passwords PINS and personal information easily accessible to others.

- If you store personal information like banking information on your CPU, laptop or in your PDA, be careful where you leave it and who has access to it.
- Shred personally identifiable records.

## E-MAIL SERVICES

Eastern University issues a unique user name (login), password, and e-mail account to each enrolled student. The Eastern University e-mail account is the primary method of communicating with students about community events, important announcements, and last-minute changes such as class cancellations. Therefore, it is very important to check the EU e-mail account regularly and/or follow the online instructions to redirect EU e-mail to a primary e-mail account. For detailed instructions on Web mail, please go to [www.eastern.edu](http://www.eastern.edu) and point to the "E-Net" pull down menu and select "Tech Support." Under "Web-based Support," you will find the "Guide to using e-mail at Eastern."

## EMERGENCY AND CRISIS INFORMATION

In the case of an emergency event, we ask that all community members use their best judgment. We also recommend that each member of this community become familiar with emergency procedures. Call Security at 610.341.1737 for emergencies on the St. Davids campus or building security at other sites.

1. Carry identification, including an emergency contact card, with you at all times.
2. Keep a flashlight, a battery-powered radio and extra prescription medication on hand.
3. If you wear contact lenses, carry glasses with you at all times.
4. Set up a contact plan. Ask someone who lives outside of your area to be your family's contact, and include that phone number on your emergency contact card.
5. If the building you are in is affected, go to another place of safety.
6. As you use your E-Card/key to access buildings, do not allow people unknown to you to enter.

Go to [http://www.eastern.edu/campus/university\\_wide\\_services/security/e2campus\\_info.html](http://www.eastern.edu/campus/university_wide_services/security/e2campus_info.html) to sign up for the Emergency Alert System.

## FACULTY/ COURSE EVALUATIONS

Students evaluate instructors and curriculum regularly using an electronic evaluation system. Students receive notification via their Eastern e-mail address informing them that a course evaluation is available for completion with instructions to access the evaluation.

## ID CARDS (E-CARDS)

Students must have an ID card in order to use the library, to obtain borrowing privileges at area libraries, and to participate in activities on the St. Davids campus. Students may also be asked to identify themselves to security or other University personnel.
