MISSION STATEMENT

MISSION

Eastern University is a Christian university dedicated to the preparation of undergraduate, theological and graduate students for thoughtful and productive lives of Christian faith, leadership and service. The mission is confirmed and celebrated when graduates believe their way into knowledgeable action that influences their world in substantive ways.

VISION

Eastern University is dedicated to ideas, inquiry, and the development of people of faith who will enhance the quality of society and the church. Toward that end, Eastern will continue to expand its formative role in the world as a university in which knowledge and wisdom are imbued, Christlike engagement is inspired, and stewardship is modeled.

THE GOALS OF THE UNIVERSITY

Eastern University is dedicated to the following foundational commitments:

To excellence in scholarship and teaching:

We maintain a high priority on excellence in teaching within the context of exemplary scholarship and research. Guided by our faith in Jesus Christ, who is “the way, the truth, and the life” (John 14:6), we believe in the unity of God’s truth, whether supernaturally revealed or humanly discovered; we value the search for knowledge and understanding in all areas of life. Thus we desire to foster an environment in which:

- Students develop intellectual curiosity, passion, and agility, valuing the life of the mind and life-long learning;
- Students develop their critical thinking, reflection, analysis, and communication skills;
- Students develop knowledge and competencies in the arts, sciences, and professions;
- Faculty are supported in and recognized for scholarship of discovery, integration, application, and teaching.

To the whole gospel for the whole world through whole persons:

We recognize the Bible, composed of the Old and New Testaments, as inspired of God and as the supreme and final authority in faith and life. We submit ourselves to carrying out our mission under its authority and seek to apply biblical principles to all facets of human aspiration and action, including the centrality of personal transformation. We affirm the importance of calling all persons everywhere to personal faith and faithful discipleship in following Jesus Christ as Savior and Lord, including living out the whole gospel in a needy and lost world. Thus we seek:

- To enable students to develop a Christian worldview, grounded in the Scriptures;
- To enable students to discern the ethical consequences of decisions and actions;
- To foster an environment in which all members of the campus community desire and participate in their own Christian formation;
- To develop a campus community where all give witness to a Christian worldview, through action and voice, motivated to explore faithfulness to Christ through Christ-centered study, work, and living.

To justice, reconciliation, and transformation:

In our commitment to sharing the whole gospel to the whole world, we acknowledge with sorrow the brokenness of the world at personal, national, and international levels. Thus we seek to work for Christian transformation, justice, and reconciliation, in all areas of life as these are grounded in our understanding of Christ’s calling to us. We particularly seek to work with and for the poor, oppressed, and suffering persons as part of our Christian discipleship. Thus we seek:

- To provide educational opportunities and financial aid as best we can for those with few or no financial resources to attend a private Christian university;
- To motivate students to assume responsibility for justice and to show a transformative influence — especially regarding social, political, and economic justice;
- To enable all members of the campus community to participate in opportunities for meaningful service, demonstrating love for God and neighbors and working towards justice.

To responsible leadership and stewardship

We believe that our complex society needs leadership in all institutions that is intelligent, informed, insightful, ethical, strategic, and just. We are dedicated to graduating students whose wisdom, Christian values, and skills enable them to lead and manage such institutions, including those that are the most influential. Similarly, we commit to excellence in the leadership of Eastern and in the stewardship of University resources. Further, we believe that we are to care not only for people throughout the world, but also for creation itself a responsible stewards of the environment and other physical resources. Thus we seek:

- To prepare students to live in an interdependent world, aware of societal and global problems and committed to engage in solving them;
- To engender the wisdom and character necessary for sound Christian leadership;
- To inspire all members of the campus community to care for creation as responsible stewards and to model that care in the use of University facilities and resources.

To Christian community:

Our commitments lead us to work towards shaping a campus community that embodies values of Christian witness, caring and compassion, justice and integrity, competence and affirmation. We wish to treat each member of the campus community with fairness, dignity, and respect, seeking a spirit of unity and harmony as we join together to achieve our common mission. Thus we seek:

- To foster genuine community, where individuals show compassion and friendship towards others in the spirit of Christian love;
- To help students increase in self-awareness and in their sensitivity towards others and others’ needs and situations;
- To foster an environment where diversity is appreciated and reconciliation is practiced;
- To equip all members of the campus community to live well with one another, honoring, supporting, and affirming one another.

AN INTRODUCTION TO EASTERN

Eastern is a co-educational, comprehensive Christian university of the arts, sciences and professions which seeks to provide an education rooted in a unifying Christian worldview.

The University offers courses leading to seminary and doctoral degrees, as well as the graduate degrees of Master of Arts, Master of Business Administration, Master of Science and Master of Education. Undergraduate degrees granted are Associate of Arts, Bachelor of Arts, Bachelor of Science, Bachelor of Social Work and Bachelor of Science in Nursing.

HISTORY

Eastern University was founded in 1932 as a department of the Eastern Baptist Theological Seminary, which began in Philadelphia, PA, in 1925. This college division was organized for the purpose of supplementing the professional preparation of ministers. In 1938, the Department of Public Instruction of the Commonwealth of Pennsylvania approved the granting of the A.B. and the Th.B. degrees upon the completion of a six-year course of study. In 1948, a third year was added, making a seven-year course leading to the A.B. and B.D. degrees.

After almost twenty years of growth and progress, the Board of Trustees voted on April 17, 1951, to secure a charter and organize Eastern Baptist College as a separate institution. The Charles S. Walton estate was purchased for the college at St. Davids, PA. The purpose of the college was to prepare students not only for the ministry, but for all walks of life. The curriculum was enlarged, the faculty was strengthened, and a co-educational liberal arts college was opened.

Classes began in September, 1952, and the college received accreditation in 1954.

Early in 1972, the legal name of the school was changed to Eastern College: A Baptist Institution. The purpose of this change was to increase its appeal to all evangelical Christians, though the school retains its relationship to the American Baptist Churches in the USA. Eastern continued to grow in size and complexity, and was granted university status in December, 2001. Eastern University reunited with Eastern Baptist Theological Seminary in 2003. Honoring the legacy of its longest-serving President, Gordon Palmer, Eastern Baptist Theological Seminary was renamed Palmer Theological Seminary on July 1, 2005.

The Campolo College of Graduate and Professional Studies is comprised of iterations of college units established to offer undergraduate, graduate and professional studies to adult students. In 1989 the School of Professional Studies was established to offer degree completion programs to adults students. Eastern's first graduate program, the Master of Business Administration, was launched in January 1982. The Graduate Education Department was granted approval by the Pennsylvania Department of Education in spring 1992 to offer a Master of Education in two major areas: Multicultural Education and School Health Services. Associate's, master's and doctoral degree programs gained approval in the following decades.

Today, Eastern University comprises Palmer Theological Seminary, the College of Arts and Sciences, the Templeton Honors College, the Campolo College of Graduate and Professional Studies, and Esperanza College. Eastern University

enrolls over 4,000 students in domestic and international undergraduate, graduate, professional, and theological programs in a variety of delivery formats.

PURPOSES AND SPECIFIC OBJECTIVES OF EASTERN UNIVERSITY

Trustees, administration, faculty, and staff have sought to shape Eastern University to reflect the following characteristics. These aspects are captured in the University's mission, goals, and vision statements, and have characterized Eastern throughout its rich history.

- Be prepared to live in an interdependent world, aware of global problems and dedicated to bringing God's justice and peace to all individuals and societies;

To these ends, the College of Graduate and Professional Studies has sought to:

Attract persons who are:

- Capable of participating fully in the life of the University as a community of Christian learners;

Design an environment which fosters:

- Students' management of intellectual and psychological maturation processes in themselves and others,

DOCTRINAL STATEMENT

Section I

- We believe that the Bible, composed of Old and New Testaments, is inspired by God and serves as the rule of faith and practice, being the authoritative witness to the truth of God embodied in Jesus Christ.
- We believe in one God eternally existing as Three Persons.
 - We believe in God the Creator, author of all life and our salvation.
- We believe that God created human beings, male and female, in the image of God as an expression of God's eternal love, to live in God's perfect will. As such, human beings are called to be faithful stewards of God's creation and to live in relations with God, each other, and the created world.
 - We believe in God the Spirit, Lord and giver of life who reveals Jesus Christ to human beings to transform them through conversion and sanctification to full humanity as willed by the Creator.
 - We believe that Jesus Christ was conceived through the power of the Holy Spirit, born of the Virgin Mary, and is truly God and truly human.
- We believe that he lived a fully human life as Jesus of Nazareth, who walked with us, ministered to us, and proclaimed the Reign of God.
- Because human beings sinned and suffered the penalty of death, we further believe in the life and death of the Lord for our sins, in the resurrection of his body, in his ascension to heaven, and in his personal and visible future return to the earth.
- We believe that our salvation is received through faith by grace through Jesus Christ, the only and sufficient mediator between God and humanity.
- We believe that Jesus Christ commanded us to be baptized and to partake of the Supper in his name.
 - We believe that baptism is the immersion of a believer in water in the name of God the Father,

God the Son, and God the Holy Spirit, signifying redemption through the death and resurrection of Jesus Christ together with the believer's death to sin and resurrection to newness of life.

- We believe that the Lord's Supper is a commemoration of the Lord's death until he returns.
- We believe that the Church is Jesus Christ's body on earth, called to witness and proclaim the good news of God's Reign and salvation to the world. The Church consists of believers, called by Jesus Christ to worship God, serve one another in a spirit of love and truth, and to proclaim God's Reign—not only through word, but also through deeds of love and justice. As a witness to the Reign of God, the Church embodies God's will to be one in diversity, to care for "the least of these," and to proclaim hope. Therefore, the Church is a light unto the world at all times and in all places.

General Education at Eastern University

Undergraduate general education at Eastern University strives to advance the University's mission of preparing students for thoughtful and productive lives of Christian faith, leadership, and service.

General education shapes students who are proficient in essential, college-level skills and enables them to appropriate and give witness to a Christian worldview. This worldview recognizes the unity of God's truth, the importance of character formation and Christian community, the mandate to be stewards of creation and to practice justice, and the call to witness to the fullness of the gospel. Through excellent instruction in a variety of disciplines, a focus on student learning and transformation, and a shared commitment to the values of faith, reason, and justice, general education is ordered toward the service of God and humanity and the care of creation.

Toward these ends, Eastern University has developed a common approach to general education for all students in the Associate of Arts and baccalaureate programs. The learning indicators Eastern University expects students to demonstrate flow out of Eastern's foundational commitments. They are important components in helping students achieve the university's learning goals.

The 12-week academic sessions (two course blocks) require at least six credits for full-time status.

ACADEMIC CALENDARS

Dates of course offerings and periods of enrollment are determined by the academic calendars approved by the faculty. *Course blocks* are designated by beginning and ending dates of the 6-week accelerated course periods in the first or second half of *academic sessions*. *Academic sessions and semesters* are designated by calendar names, such as "October to January" or "Fall," and a calendar year to identify standard periods in which courses are offered in accelerated or traditional formats. Academic sessions are 12 weeks and semesters are traditionally 15 weeks in length.

Student enrollment is reported according to the official beginning and ending dates of the academic session or semester, not according to individual course dates. A student's degree date and eligibility to participate in commencement exercises is based on the last date of the final academic session, term, or semester, even if course work is completed prior to that date.

Associate of Arts students are not permitted to enroll in overload credits in their first four academic sessions (equivalent to one academic year) of attendance at Eastern University.

TRANSFER CREDIT

General education and elective courses may be transferred at the time of admission. Applicants may be asked to submit catalog descriptions, course outlines, texts, or other materials in order to be given the correct course equivalencies on the Credit Evaluation prepared by the Office of the Registrar.

Official transcripts and other documentation are required.

Graduates of regionally accredited (e.g., Middle States Commission on Higher Education) institutions who earned the Associate of Arts or Associate of Science will receive credit for all courses successfully completed in their degree programs. Otherwise, undergraduate transfer credit is accepted for courses with grades of "C" and higher from regionally accredited post-secondary institutions. Technical and pre-professional courses completed at accredited institutions may qualify for up to a maximum of 30 semester hours of transfer credit. Eastern accepts credit for non-collegiate sponsored instruction and training programs as recommended by the American Council on Education. Credit earned through distance learning, departmental exam or experiential portfolio may be accepted in transfer if it is recorded on the transcript of a regionally accredited college or university.

A student may petition for consideration of prior credit earned from a post-secondary institution not accredited by one of the organizations listed above. Course syllabi and other supporting documentation must be provided with the petition. If the student successfully completed at least 24 semester credits at a regionally accredited institution and the courses under consideration are judged meet the University's criteria for quality and college-level learning, partial credit may be awarded up to a maximum of 24 semester credits.

Elective courses to be taken at other regionally accredited institutions during the student's enrollment at Eastern must be approved in advance. Permission forms are available on Eastern's Web site at www.eastern.edu/offices-centers/office-registrar. Course grades and credits for transfer courses approved by the student's program appear on the Eastern

University transcript and the quality points are calculated into the student's cumulative grade-point average.

CREDIT BY EXAMINATION AND

VALIDATED COLLEGE LEVEL LEARNING

Eastern University will accept a maximum of 60 semester credit hours from any combination of Advanced Placement (AP), College Level Examination Program (CLEP), DSST, Excelsior College Examinations, International Baccalaureate (IB), and validated college-level learning, including American Council on Education (ACE) recommended credit for military and non-collegiate training programs and licensures. Eastern accepts ACE-recommended minimum passing scores and credit values for AP, CLEP, DSST, Excelsior and IB serves as a CLEP testing center.

CHANGE OF MAJOR AFTER ADMISSION

Approval to change the major must be granted by the original advisor and the program director of the new major. Some programs have established deadlines for changing majors. It is the student's responsibility to consult with the program advisor to clarify eligibility and procedures.

CLASS ATTENDANCE

Attendance at all class sessions of accelerated courses is considered a critical element in the accomplishment of learning outcomes.

Class attendance for online courses is defined as an online presence demonstrated by active participation in all threaded discussions and virtual chats as required by the instructor. Failure to fulfill requirements within the parameters of each session will result in the student being marked absent.

It is recognized that class absences are sometimes necessary for extenuating professional or personal reasons. It is for these reasons that policies and procedures are established and published by the departments responsible for each program. Please consult your department's Web page or posted/printed materials for specific attendance expectations for your program.

INACTIVE STATUS AND READMISSION

A student who withdrew may apply for readmission through the Registrar's Office. The program director must approve the Application for Readmission before a new registration will be accepted.

PROGRAM LENGTH OF UNDERGRADUATE DEGREES

The program length of the Associate of Arts (AA) is two years of full-time study. Credits earned in Eastern University's AA program, or equivalent credits from other sources, will count as cumulative earned credits for students admitted to bachelor's degree programs.

A student without prior college credit can complete an Eastern University bachelor's degree in four years of full-time study. Therefore, the program length of the bachelor's degree is four years.

ACADEMIC ADVISING AND STUDENT RESPONSIBILITY

Students are responsible for all courses for which they are registered, except for courses they officially dropped by written notification to the Registrar. Advisors, program directors and the Registrar's representatives make every effort to assist students in satisfying course requirements in the desired time period, but it is ultimately the student's responsibility to meet all academic and financial requirements for the program of study.

DROPPING/WITHDRAWING FROM A COURSE

- During the first week of a semester or academic session (or the equivalent time in non-traditional enrollment periods), a student may drop a course by submitting written notification to the Office of the Registrar. (See Refund Policy.)
- A grade of "W" will be entered on the academic record of any student who withdraws from a course or the program within the withdrawal period specified in the academic calendar. Courses carrying a grade of "W" receive no credit and are not counted in the grade-point average, even though the student has a financial obligation to pay tuition and fees.
- A student who withdraws from a course after the deadline for "W" without academic penalty will receive a grade of "WF" which is calculated into the grade-point average as zero quality points.
- Students are advised to contact the Student Aid Office after withdrawing from one or more courses to determine if eligibility for student financial aid has changed. (See Withdrawal From Course in Student Financial Aid Information.)

NOTE: A student who fails to officially drop/withdraw from a registered course will receive a grade of "F" for the course.

The ability to withdraw and receive refunds for programs vary based upon the established policies of these courses. Grades of "W" are taken into consideration in the calculation of Federal Title IV eligibility. They are also taken into consideration when determining if a student has made Satisfactory Academic Progress.

DIRECTED STUDY

Some departments offer a directed study course for students with demonstrated ability and special interests. This course is appropriate when a student has a specialized and compelling academic interest that cannot be pursued within the framework of the regular curriculum or a regular course. Students need to have earned a minimum of 6 credits before attempting directed study.

INDIVIDUALIZED INSTRUCTION

Individualized Instruction is the teaching of a regular catalog course to a single student. Individualized instruction is offered only when the University has failed to offer a course

according to schedule or with sufficient frequency AND it is needed by a student for a critical reason (e.g., impending graduation or job). Both criteria must be met. Severe course conflicts and other student or faculty emergencies may be approved by the appropriate dean on a case-by-case basis as reasons for individualized instruction if no appropriate substitute course can be found.

COURSE REPEAT POLICY

- Undergraduate students must repeat courses for the major in which they received grades of “C-” or below.
- A student who has received a grade of “F” in a required course cannot graduate unless this deficiency is corrected. This course must be repeated the next time it is offered in the regular academic year. The course must be repeated at Eastern.
- When a student repeats a course, only the higher grade is used in calculating the grade-point average, but both grades appear on the transcript.
- Credit is granted once for a repeated course, unless the course description specifically allows accrued credit.
- A course may be repeated twice including withdrawn and failed courses.

ACADEMIC APPEALS AND GRIEVANCES

An appeal is defined as a request to a higher authority to change a decision that was made, typically a decision that the student believes adversely affects her/his academic career. A grievance is a complaint or concern of a student regarding a faculty or staff member at the university. For any academic appeal or grievance, if a student is enrolled in class(es) while the case is being heard, the student is responsible for the policies and procedures associated with the class(es).

Students wishing to appeal a course grade should follow the process listed under “Grade/Evaluative Action Appeal Process.” The process for redress of grievances is found in the *Student Handbook*, under “Student Rights, Freedoms, and Responsibilities.”

If a student wishes to appeal an academic decision other than a grade/evaluative action, the student shall make written appeal to Dean of the College in which the student is enrolled. The letter of appeal should include the date of the letter, the student’s full name, the Eastern University student identification number, the action requested, and detailed reasons for the request, including all supporting documentation. The appeal should be complete, since once submitted, the student will not be able to submit further evidence or request reconsideration by the Dean. The Dean may, at his/her discretion, limit his/her review to the written record provided, seek a meeting (in person or telephonically) with the student, and/or draw on a faculty group to review and advise. Within fifteen (15) business days of receipt during the academic year, the Dean will notify the student in writing of the Dean’s decision with respect to the student’s appeal.

ACADEMIC PETITIONS (REQUEST FOR EXCEPTION TO POLICY)

If a student wishes to petition for an exception to an academic policy, the student shall petition the Dean of the College in writing. The letter of petition should include the date of the petition, the student’s full name, the Eastern University student identification number, the request (petition) for an exception, and detailed reasons for the request, including all supporting documentation. The petition should be complete, since once submitted, the student will not be able to submit further evidence or request reconsideration by the Dean. The Dean may, at his/her discretion, limit his/her review to the written items provided, seek a meeting (in person or telephonically) with the student, and/or draw on a faculty group to review and advise. Within fifteen (15) business days of receipt during the academic year, the Dean will notify the student in writing of the Dean’s decision with respect to the student’s petition.

Procedure for Student Appeals to the Provost

To appeal a decision by an academic dean (including a decision on an academic petition) the student may appeal to the Provost of the University. Within 7 days of the Dean’s transmittal electronically or by mail of his/her decision to the student, the student may appeal the Dean’s decision by sending a letter by certified mail or overnight courier or e-mail with a return receipt requested to the Provost, with a copy to the Dean. In this letter or e-mail of appeal, the student shall state in detail why the decision by the Dean lacks substantial evidence or was capricious or discriminatory. The student shall include the student’s full name, the Eastern University student identification number, the College the student is enrolled in, and an explanation of the grievance and supporting documents.

The Provost may, at his/her discretion, limit his/her review to the written record provided, seek a meeting (in person or telephonically) with the student, and/or draw on a faculty group to review and advise. The Provost shall affirm the decision of the Dean unless the Provost determines that the Dean’s decision is arbitrary and capricious or otherwise lacks substantial evidence, in which case the Provost may remand the matter to the Dean with instructions. The decision of the Provost shall be final.

GRADING SYSTEM

Following are the grades and the quality points assigned to each.

<i>Grades</i>	<i>Grade points per semester hour</i>

GRADE PENALTY FOR ACADEMIC DISHONESTY

When academic honesty is violated, according to the definition adopted by the faculty and whatever additional definition the instructor has published to his/her students, the instructor may choose one of the following penalties according to his/her assessment of the severity of the infraction and any extenuating circumstances:

1. Assign a grade of F or "zero" on the paper, project, or examination but allow re-submission, resulting in a maximum grade of C.
2. Assign a grade of F or "zero" on the paper, project, or examination without the opportunity for re-submission.
3. Assign a grade of F in the course.

In all cases the instructor will forward, in writing, evidence of the academic dishonesty and the academic penalty to the Faculty Representative to Administration.

GPA GRADE-POINT AVERAGE CALCULATION

The total quality points divided by the total credit hours which the student has attempted yields the grade-point average.

INCOMPLETE

The grade "I" is given when a student fails to complete course requirements because of extreme and unforeseen extenuating circumstances that may have affected academic performance. The "I" must be approved by the professor teaching the course. In an effort to provide interim assessment during the incomplete period, the professor will provide a completion outline with a timeline of deliverables during the makeup period. This form must be signed by the professor and student before the end of the semester/session. The incomplete is recorded at the end of the semester/session and must be removed within 60 days. The "I" grade automatically becomes an "F" if the student does not complete course requirements and a change of grade is not submitted within the time frame stipulated above. In the case of persistent or additional extreme and unforeseen extenuating circumstances, an extension of the incomplete or a "W" (Withdrawn) grade may be authorized. An "Exception to Policy" form, available from the Office of the Registrar Web page, www.eastern.edu/academics/registrar/index.html, should be completed and submitted to the Dean, along with documentation of the persistent or additional extreme and unforeseen extenuating circumstances. "W" grades will be awarded only for the course the student was passing at the time he/she became incapacitated. Courses carrying a grade of "W" receive no credit and are not counted as hours attempted.

GRADE CHANGE POLICY

A grade awarded other than an "I" is final. Final grades will be changed when a clerical or computational error has been determined. If the student believes there is an error, the student must report the alleged error in writing to the professor as soon as possible. If a grade change is warranted, the instructor must submit a change of grade request to the Registrar.

GRADE/ EVALUATION ACTION APPEALS POLICY

The Grade Appeals Policy applies only to questions of faculty evaluation of student performance. Since evaluation involves issues of judgment, action to revise a grade in the student's favor will not be recommended unless there is clear evidence that the original grade was based on prejudiced or capricious judgment or that it was inconsistent with official policy.

Procedure

The main concern in any grievance or appeal procedure is to bring reconciliation and growth in ways that enhance community. The first approach to any appeal should be non-adversarial and open, undertaken with careful attention to fostering understanding and problem solving. The expectation is that the majority of appeals can be resolved through a flexible process at the first or second steps outlined here. Students shall have protection against prejudiced or capricious academic evaluation through the publication of clear course objectives, grading procedures, and evaluation methods.

In accordance with Matthew 18, the process of appealing a grade or evaluative action is as follows:

Step 1: As stated above, the student should communicate with the instructor for an explanation of the grade or evaluative action. On rare occasions, a student and instructor fail to resolve the grade or evaluative action appeal through these informal measures, and in these cases, the student may then proceed to step 2. However, the formal appeal in Step 2 must begin within four weeks of the beginning of the following semester¹.

Step 2: A student may initiate a formal appeal by completing the Grade/Evaluative Action Appeals Form (Appeals Form) and submitting it to the course instructor. The Appeals Form must be submitted within four weeks of the beginning of the semester¹ immediately following the semester¹ in which the grade/evaluative action was received. The Appeal Form must include all necessary documentation and evidence to support the grade/evaluative action appeal (Note: no additional documentation may be submitted beyond this step). The student should keep a copy of the form and attachments in the event that the student chooses to proceed to Step 3. The instructor will respond to the Appeal Form and accompanying documentation in writing within two weeks of receiving the Appeal Form².

Step 3: If the student is still not satisfied with the resolution, the student must make a written¹ request to the instructor involved to submit the Appeal Form and accompanying documentation to the departmental chairperson/program director. The instructor will then forward the Appeal Form and all accompanying documentation to the chairperson/program director of the program. **This written request must be forwarded to the chairperson/program director within one (1) week following the due date of instructor's decision.** The departmental chairperson/program director will sub-

mit a written response to the student within two (2) weeks following the student's written request for an appeal. A copy of the response will be provided to the student, instructor and program Dean.³

Step 4: If, after receiving a reply from the departmental chairperson/ program director, the student is still not satisfied with the resolution, the student must make a written request to the departmental chairperson/ program director to submit the Appeal Form and accompanying documentation to the program dean. The written request must occur within one (1) week of receiving the departmental chairperson's / program director's decision. Upon receipt of the written request from the student, the departmental chairperson/ program director will inform the program dean that the Appeal Form and accompanying documentation will be forwarded. The student's written request will be attached as a cover page and then forwarded with the Appeal Form and all accompanying documentation to the program dean. The program dean will submit a written response to the student within two (2) weeks following the student's written request for an appeal. A copy of the response will be provided to the student, instructor and program chairperson/ program director.

Step 5: If, after receiving a reply form from the program Dean, the student is still not satisfied with the resolution, the student must make a written¹ request to the program Dean to submit the Appeal Form and accompanying documentation to the Academic Appeals Committee. This written request must occur within one (1) week of receiving the Dean's decision. The Dean will then forward the Appeal Form and all accompanying documentation to the Academic Appeals Committee. The student's written request will be reviewed at the next scheduled Academic Appeals Committee meeting. The Academic Appeals Committee will hear a presentation by the student of his/her case and will consider the recommendations from Steps 2, 3 and 4. The Academic Appeals Committee will then decide the merits of the case. The decision of the Academic Appeals Committee will be final.

¹ May be satisfied by use of the eastern.edu email account and becomes a part of the appeals documentation.

² If the faculty member involved in the appeal is the departmental chair/program director, the student should go immediately to Step 4.

³ If the faculty member involved in the appeal is the program Dean, the student should go immediately to Step 5.

⁴ Semester refers to the period of time in which the course is instructed and evaluated.

FINAL GRADE REPORTS

At the end of each semester or other session, students may access their academic records on www.eastern.edu, E-net Student Services or myEastern.

SATISFACTORY ACADEMIC PROGRESS

Undergraduate students must achieve a minimum 2.0 cumulative grade-point average (GPA) once 55 credits are earned. 2.0 is the minimum grade-point average required for graduation.

Satisfactory academic progress toward graduation is measured by the student's grade-point average relative to cumulative semester credit hours earned (including transfer credits):

- 1.75 GPA meets the minimum standard for less than 25 credits
- 1.85 GPA meets the minimum standard from 25 to 41.99 credits
- 1.95 GPA meets the minimum standard from 42 and 54.99 credits
- 2.00 GPA is required for 55 or more credits

Specific programs may enforce additional policies based on external accreditation and professional standards for satisfactory academic progress.

ACADEMIC PROBATION

Students who fail to achieve the required grade-point average for their level of credits are placed on academic probation. The Registrar will record the probation at the end of the academic session and students have 180 days in which to return to good academic standing.

DISMISSAL

Students may be dismissed for failure to maintain the required cumulative grade-point averages and for ethical misconduct. There is no provision for re-admission following dismissal for ethical or academic reasons once the appeal process has been exhausted.

The Dean makes dismissal decisions when it is highly unlikely for the student, under present circumstances, to complete the requirements for graduation.

Students receiving one or more failing grades in a session or semester will have their cases reviewed. The dean has the option to require immediate withdrawal regardless of prior academic performance when there is little or no likelihood of success following two or more failing grades.

Also, a violation of integrity and honesty is a serious offense, considered sufficient basis to terminate enrollment.

APPEAL OF DISMISSAL

A student may appeal a dismissal decision to the CCGPS Academic Appeals Subcommittee (convened for such appeals, as needed) by submitting an Academic Dismissal Appeal letter. This letter should: 1) explain and document perceived irregularities in the application of the academic dismissal policies and procedures, which had the effect of rendering the dismissal decision arbitrary or capricious, 2) present new information which was not available at the time of the dismissal, and/or 3) explain extreme and unforeseen extenuating circumstances that may have affected academic performance. In the letter, the student should propose plans

to address previous difficulties to ensure future success. All supporting documentation should be included or attached to the letter.

Appeal letters must be received within two weeks of receipt of notification of dismissal. Letters should be sent to the University Registrar, who will forward them to the chairperson of the Academic Appeals Subcommittee. The decision of the Subcommittee following the appeal will be final.

GRADUATION

Students must provide written notification to the Office of the Registrar of their intention to graduate at least six months in advance of the anticipated graduation date.

In order to graduate, a student must fulfill all requirements for the intended degree, including total semester credits (61 for associate's degrees and 121 for bachelor's degrees); residency requirement (last 32 credits at Eastern); general education core curriculum; major curriculum; and 2.0 cumulative grade-point average.

Degrees are awarded to qualified graduates on January 31, March 31, May 31, August 31, October 31 and December 31 each year. Diplomas are normally distributed by U.S. mail within 60 days following the degree date except when graduates have unpaid bills or other obligations.

Commencement ceremonies are held each May and December. A student whose Degree Award or Candidacy date is January 31, March 31 and May 31 participate in the May Commencement Ceremony (date announced in the annual calendar). Students with Degree Award or Candidacy dates of August 31, October 31 and December 31 participate in the December Commencement ceremony (date announced in the annual calendar). *Participation in the ceremony celebrating the student's graduation is encouraged, but optional. A student may not elect to participate in a ceremony for which he/she is not eligible.*

GRADUATION HONORS FOR BACHELOR'S DEGREES

In order to recognize the superior scholastic achievement of a student during his/her academic course, the University awards bachelor's degrees with honors. Transfer students are eligible for these honors if they have completed at least 60 semester hours of Eastern University credit.

Summa cum laude: cumulative grade-point average of 3.90 or better

Magna cum laude: cumulative grade -point average of 3.75 to 3.899

Cum laude: cumulative grade-point average of 3.50 to 3.749

With Distinction is the designation for graduating students with cumulative grade-point averages of 3.8 or better and 39-59 credits earned at Eastern University.

STUDENT CONDUCT POLICIES AND PROCEDURES

BEHAVIORAL EXPECTATIONS AND STANDARDS

Behavioral expectations serve the aims and purposes of Eastern University as a Christian university and are in the best interests of students, faculty, and staff alike.

1. Academic honesty and integrity
2. Respect and equal treatment for all individuals
3. Tolerance for diversity and differences of opinion
4. Preservation of an uninterrupted, professional, and positive learning environment
5. Professionalism in interactions and attire
6. Conduct conducive to maintaining a genuine Christian environment where personal and spiritual growth are encouraged

Students should expect to be held responsible for violations of behavioral standards. Such violations include, but are not limited to:

1. All forms of dishonesty including but not limited to, cheating, plagiarism, theft, furnishing false information, and altering documents with the intent to defraud.
2. The use, sale, distribution, and/or possession of all illegal drugs on or off campus.
3. The use of racial or ethnocentric invectives, epithets, slurs, utterances, or physical acts or threats (written or spoken) used to attack or injure another individual rather than express an idea, ideology, or philosophy. Racial and ethnic intimidation and harassment is illegal in the state of Pennsylvania. Students are encouraged to report incidents relating to racial and ethnic intimidation and harassment to the local police and to the Dean of Students. The University will cooperate fully with the police in these matters.
4. Smoking in the classroom or in other "non-smoking" areas of the classroom or office facilities.
5. Possession or use of alcoholic beverages within an approved Eastern University site or attending a class "under the influence" of alcohol.
6. Possession or use of firearms or weapons (including air rifles, air pistols, knives, potato guns and blowguns), ammunition or explosives (fireworks) in or upon University-owned, supervised (leased/ rented/contracted), or adjacent property.
7. The disruption or obstruction of teaching, research, administration, disciplinary proceedings, other university activities.
8. Physical assault, abuse, threats, and verbal or written intimidation of any person.

13. Use of cellular phones and pagers in the classroom or during any academic presentation.

ACADEMIC DISHONESTY

The student is responsible to become familiar with acceptable standards for research and documentation and to abide by them. Academic dishonesty includes but is not limited to:

1. Plagiarism or presenting words, pictures, ideas, or artwork, that are not your own, as if they were your own, in spoken, written, or visual form.
2. Submitting a paper written by another student or another person as if it was your own.
3. Submitting a paper written by you for another course or occasion without the explicit knowledge and consent of the instructor.
4. Fabricating evidence or statistics that supposedly represent your original research.
5. Cheating of any sort on tests, papers, projects, reports, and so forth.
6. Falsification of any materials submitted for admission or grading purposes.

Each faculty member is required to send a record, together with all evidence of all cases of academic dishonesty, to the Academic Dean, who will forward the information to the Dean of Students. (See the Grading section under Academic Policy and Procedure for penalties associated with academic dishonesty.)

ACCOUNTABILITY

The principle of accountability is basic to providing a climate in which students are encouraged to take responsibility for their actions. Students who violate University expectations and standards are held accountable for their behavior. Students can expect to be confronted, counseled, advised, and, when warranted, disciplined. As a Christian university, Eastern University reserves the right to dismiss, at any time, a student whose conduct is inconsistent with the aims and objectives of a Christian educational community. Eastern seeks to provide a climate of trust and trustworthiness and therefore is committed to a process that will ensure essential fairness for its students. Practices in disciplinary cases may vary in formality with the gravity of the offense and the sanctions that are applied. The disciplinary authority of the University is vested in the President, in the Deans, and in various disciplinary bodies of the University. The Judiciary Board and all other disciplinary bodies are recommending bodies to the University administration.

STUDENT RIGHTS

These standards represent the minimal procedural protection to be afforded to students charged with most disciplinary violations:

1. To know the nature of the charges.
2. To arrange for counsel of his/her academic advisor or other faculty member of his/her choice, throughout the proceedings.
3. To receive a reasonable time to prepare for a hearing.
4. To remain silent when his/her response might be self-incriminating.
5. To receive the decision in writing.
6. To appeal the decision.

According to court decisions, universities are not expected to develop regulations that are written with the scope or precision of a criminal code. Rare occasions may arise when conduct is so inherently and patently dangerous to the individual or to others that extraordinary action not specifically authorized in this policy may be taken.

INITIAL INFORMATION

1. Any member of the Eastern community may report information regarding an alleged incident of misconduct to any member of the Student Services staff.
2. The identity of the informant shall remain confidential insofar as possible.
3. When an incident occurs, it is the responsibility of the Dean of Students to determine whether to:
 - Dismiss the matter without disciplinary action; or
 - Invoke disciplinary sanctions in those instances wherein the best interest of the individual and the community are best served by private proceedings;or
 - Refer the matter to the Judiciary Board for review and recommendation.

INVESTIGATION

1. The Dean of Students shall assume responsibility for the preliminary investigation of the alleged incident.
2. The matter shall be discussed with the accused.
3. All pertinent sources of information shall be consulted in order to determine the validity of the initial information.
4. The accused shall have the right to request the counsel of his/her academic advisor or a trusted University employee or faculty member during the investigation. This request is at the initiative of the accused.
5. The Dean of Students shall have the power to suspend a student in extraordinary circumstances pending final adjudication of any case.
6. The University is not obligated to defer disciplinary investigations, hearings or decisions awaiting the outcome of criminal charges pending in various courts, if applicable.

HEARING PROCEDURES

These procedures shall be in effect whether the matter is being considered by the Dean of Students or by the Judiciary Board.

1. The focus of inquiry in disciplinary proceedings is to determine whether the student has violated the University's policies and should therefore be held accountable. Formal rules of evidence shall not be applicable, nor shall deviations from prescribed procedures necessarily invalidate a decision or proceedings, unless significant prejudice to the accused or the University may result.
2. The hearing shall be open only to those individuals having a direct, personal interest in the proceedings, at the discretion of the Dean of Students. Hearings are not open to lawyers engaged by the accused.
3. The accused must notify the Dean of Students prior to the scheduled time of the hearing if he or she cannot be present. Failure to appear at the scheduled time

without prior notification may result in adjudication of the matter in the student's absence.

4. On occasions in which the incident of alleged misconduct involves more than one student, the Dean of Students or Judiciary Board reserves the right to consider the cases separately or jointly.
5. The Dean of Students or Judiciary Board shall raise questions pertinent to the alleged incident, to the attitude of the accused, and to his/her previous behavior.
6. All parties, including the accused, shall be excused from the hearing room when the questions are concluded.
7. A judgment will be made as to whether the student has violated University policy or published policy of the degree program. The disciplinary action, if any, shall be determined by the Dean of Students, or, if the matter is before the Judiciary Board, disciplinary action shall be recommended to the Dean of Students.
8. The decision shall be reported to the accused by the Dean of Students as soon as possible. The notification shall include information pertinent to the decision.
 - a. This may be done verbally when possible.
 - b. This will be reported in writing even if reported verbally.

Judiciary Board Members - The Judiciary Board is made up of voluntary faculty, staff, and students and is convened by the Dean of Students on a case-by-case basis as deemed necessary.

DISCIPLINARY SANCTIONS

The following sanctions are ones that may be involved when disciplinary action is taken:

1. Growth Initiative: A Growth Initiative is a policy that grants the possibility of immunity from punitive discipline if a student initiates an appointment with the Dean of Students and a request for help, prior to the knowledge of inappropriate behavior coming to the attention of University officials.
2. Censure: The action implies that the student's behavior was inappropriate and not to be condoned. Conditions of the censure may be given in writing to the student.
3. Disciplinary Probation: Such probation implies that the offense was of a more serious nature. The probation becomes part of the record on file with the Dean of Students Office. The length of the probationary period will be defined for each case. When on disciplinary probation, one may or may not be eligible to participate in co-curricular activities in which the student would represent the University to individuals and groups outside of the University. Violations during the probationary period will usually result in a more punitive response.
4. Restitution: The offender is required to make reimbursement for damage to, or misappropriation of, property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages or fines. Restitution may be combined with another of the possible disciplinary sanctions.
5. Work Assignment: The requirement to perform certain duties as restitution for inappropriate behaviors and actions, or in some cases in lieu of fines.

6. Fines: Under certain circumstances, a monetary fine may be assessed. It will be posted to the student's account along with notation as to the nature of the fine.
7. Withdrawal: When a student's behavior and/or attitude seems inconsistent with University expectations, it may be determined that the student should withdraw to evaluate himself/herself and his/her relationship to Eastern.
8. Suspension from University-Sponsored Housing: There is no refund or release from financial responsibility.
9. Suspension from the University: Participation in the University as a student is suspended. The suspension will normally be followed by a period of disciplinary probation. Students are subject to academic penalties for work missed as a result of disciplinary action. Faculty members are not obligated to permit make-up of missed assignments and examinations in such cases.
10. Expulsion: One's status as a student is terminated for an indefinite period with little, if any, likelihood of re-admission.

APPEALS

1. A person may appeal a disciplinary decision made within the Eastern community to the Vice President for Student Development, who shall be the final appeal authority.
2. A written appeal must be received within one week of notification of the previous decision.

An appeal should be based on perceived irregularities in the application of the policies and procedures outlined heretofore, which had the effect of rendering the disciplinary decision arbitrary or capricious, or based on new information which was not available at the time of the hearing.

ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES POLICY

Eastern University will make reasonable accommodations for students with disabilities in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. The purpose of accommodations is to provide equal access to educational opportunities to students with disabilities, and it is not intended that academic standards be lowered or essential elements of programs or courses be changed. Accommodations can include changes and modifications in the classroom, in assignments, and in the way tests are administered. Nonacademic accommodations can include changes and assistance to students relating to mobility and access to campus buildings.

Accommodations are granted on the basis of determined need and documentation of disabilities. In the event that disagreements arise between students and professors or administrators of the University over issues of accommodation, a due process procedure has been developed to settle such disagreements.

Procedure for Requesting Accommodations

1. The student requesting accommodations on the basis of disabilities must fill out a request form that is available from the Cushing Center for Counseling and Academic Support (CCAS) and the Student Development Office of Eastern University. If the student requires assistance in completing the form, s/he should request it from CCAS.

- All requests for accommodations, both academic and nonacademic, should be submitted on the request form to the Director of CCAS.
 - If the request involves nonacademic accommodations, the CCAS Director will notify the Dean of Students and provide a copy of the request form.
 - The student is encouraged to submit a request form in advance of the semester or term s/he plans to attend Eastern so that the request can be considered and appropriate arrangements implemented when the student begins.
2. Documentation of disabilities should accompany the request form. Documentation should be a report by a professional qualified to evaluate disabilities in areas specific to the student. Documentation might include a psycho-educational evaluation by a psychologist or educational specialist, or a report from an orthopedist, neurologist, or other physician regarding physical disabilities. The documented evaluation must be recent to indicate the extent and severity of the student's disability and the extent of need for accommodations at the present time. This time frame will vary but is typically no longer than five years.
 3. The student should make an appointment to meet with CCAS staff to discuss his/her specific requests and needs for accommodation. In response to the student's written request, a decision will be made within a reasonable period of time after submission of the form. In the interim, a plan addressing the student's needs will be put into action, if appropriate.
 4. The student who has been granted academic accommodations for a particular semester or term is responsible to update his/her requests with CCAS each semester; this will not be done automatically. This typically involves providing a current list of classes and reviewing with a CCAS staff member whether the accommodations requested previously are still appropriate. An in-person interview may be required.
 5. Students whose disabilities and needs for accommodations change after initial requests for accommodations have been implemented should resubmit a Request for Accommodations form stating the changes and additional or new requests for accommodations.
 6. Essential components of courses or programs are listed in their respective descriptions in the Eastern University catalogs. These components will not be changed or eliminated, but modifications in the way the student meets these requirements will be made.
 7. In implementing accommodations approved by the University, a letter from CCAS and/or the Dean of Students will be sent to the appropriate faculty member, administrator, or staff member. In addition, the student will be encouraged to arrange meetings with all involved faculty members to discuss the nature of his or her disability as well as specific needs for accommodations.

Procedures for Settling Disagreements Regarding Disability Accommodations

In the event of a disagreement between student and faculty or other agent of the University over an issue of accommodation, the following plans for settling disagreements will be used, affording the student due process:

1. The student should discuss his/her disagreement with the faculty member and try to resolve the disagreement.
2. If the problem is not resolved, the student should continue to reach resolution through the lines of academic authority at the University: 1) professor, 2) Director of Student Services, 3) Dean of CCGPS. Attempts should be made to settle the dispute at the lowest level of authority possible, and if agreement is not reached after a reasonable period of discussion and negotiation, appeal to the next highest level of authority. The student should keep CCAS informed at all levels of the dispute.
3. A Disability Accommodations Committee will assist in creating, reviewing, and revising policy regarding accommodations for students with disabilities. The committee will meet twice a year and convene at other times to assist in resolving disagreements with respect to accommodations for students with disabilities. The committee will be a faculty committee of the faculty senate and composed of three teaching members of the faculty who have interest and expertise in fields that would best serve the committee (e.g., special education, psychology, nursing, rehabilitation, etc.). In addition to the core members of the committee, other faculty members and experts could be invited to serve on the committee who have expertise in the particular issue of accommodation and will meet within 10 class days after receiving a written request to consider the issue of accommodations. The Committee will provide written decision within 10 class days after its meeting. If, after its initial meeting, the committee decides that more information is needed (i.e. additional evaluation of the student), the time the committee has to provide a written decision may be extended another 10 class days. The decision rendered by the Disability Accommodations Committee will be the University's final decision.

SEXUAL HARASSMENT POLICY

Believing that members of our community have the right to work, study, and communicate with each other in an atmosphere free from unsolicited and unwelcomed sexual advances, Eastern University does not condone and will not tolerate behavior, verbal or physical, which constitutes sexual harassment.

Definition

Sexual harassment is a form of discrimination in violation of Title VII of the Federal Civil Rights Act of 1964, Title IX of the 1972 Education Amendments, the Pennsylvania Human Relations Act, and Eastern University policy. Unwelcomed sexual advances, requests for sexual favors, inappropriate behavior of a sexual nature, and other written, verbal, or physical conduct of a sexually intimidating or offensive nature constitutes sexual harassment when:

1. Such conduct is pursued among persons who have not mutually consented (implicitly or explicitly, verbally or non-verbally) to such conduct;
2. Submission to such conduct is made, explicitly or implicitly,

- a term or a condition for employment, advancement, matriculation, or academic evaluation at Eastern University;
- Submission to, or rejection of, such conduct is used as the basis for employment or academic decisions;
 - A pattern of singling out members of one sex for disproportionate attention with elements of emotional or physical pressure;
 - Such conduct has the purpose or effect of substantially interfering with an individual's employment or academic performance or creating an intimidating, hostile, or offensive residential, work, or academic environment. Sexual harassment is unwelcomed and usually repeated behavior, but in some instances it can be an action that occurs only once.

Examples of sexually harassing conduct include, but are not limited to:

- Repeated sexually suggestive looks, gestures, or questions;
- Repeated, unwanted, and unacceptable remarks that stigmatize or ridicule on the basis of gender or sexual matters;
- Persistent following, letters, or phone calls discussing sexual matters;
- Display of offensive, sexually-oriented visual materials (i.e., photos or posters) except for the purposes of instruction as appropriate to course objectives;
- Cornering or leaning over, touching, pinching, or patting;
- Pressure for sexual favors.

Dealing with Sexual Harassment

Eastern University strongly urges that each member of the community know his/her rights and responsibilities, cooperates with those who are designated to help resolve allegations of harassment, and report incidents of harassment, especially if s/he is a victim.

What to Do:

- Say "No" to the offender. Respond immediately and directly to the offender, indicating that the behavior or remark is not acceptable. State without smiling or apologizing that you want the behavior to stop, and make it clear that you do not approve.
- Do not ignore the problem. Experience shows that this only makes things worse.
- If you are unsure that your experience was sexual harassment, discuss it with a trusted friend, colleague, or a member of the Student Services staff on an informal basis.
- Keep a written record of the harassment. Include the date, time, place, and any other relevant circumstances. Record your response to the harassment as well. Keep all relevant correspondence that may be used as evidence of harassment, such as letters, notes, memos, e-mails or text messages.
- Find out if someone witnessed the incident or your reaction immediately after the incident. That person may be a witness for you. Take names and phone numbers for future references.

- If you feel that your academic or work evaluation will be affected by the harassment, ask for and collect copies of past evaluations or anything that would tell the quality of your work.

The Procedure for Reporting Sexual Assault

Members of the Eastern University community are encouraged to report information regarding an alleged incident of sexual harassment or assault to the Dean of Students.

Should the alleged victim choose to do so, s/he may choose a support person who may be a friend or may be a trusted staff or faculty member of the Eastern University community. The support person may accompany and advise the alleged victim in the investigation and in any informal or formal procedures which follow.

The following procedures apply when the alleged perpetrator is a student. If the alleged perpetrator is a staff or faculty member, the Faculty Representative to Administration will provide information about the procedure. To initiate an informal grievance, the victim of the alleged incident or his/her support person should inform the Dean of Students of his/her intent. The Dean of Students will seek to resolve the complaint informally in a manner satisfactory to both the complaining party and the accused party. If the complaint is not resolved to the satisfaction of both parties, the complaining party may elect to initiate a formal grievance. The victim of the alleged incident is not obliged to pursue an informal grievance before filing a formal grievance.

The victim of the alleged incident may initiate a formal grievance to the Dean of Students, after which the Dean of Students will notify the accused party of the incident. If evidence warrants it, a formal hearing will be convened. The nature of the charges necessitates that the Judiciary Board be composed of the Dean of Students, at least one male faculty member, at least one female faculty member, at least one male student, and at least one female student. The fifth voting member will be of the same gender as the alleged victim. An effort will be made that the same members of the Board be present at every hearing for the particular case. Either the victim or the accused may request that a student member be included or excluded.

If the alleged perpetrator is a member of the faculty or staff, the Dean of Students will report the incident to the Dean to whom the alleged perpetrator reports. The provisions of the *Faculty and Staff Handbook*, available in the full official edition of the Sexual Harassment Policy, will pertain relative to hearing proceedings.

Confidentiality and External Charges

The University will maintain complete confidentiality regarding allegations. Only those directly involved in the alleged incident(s) and resulting investigation will have access to information concerning the case unless the alleged victim or accused chooses otherwise. The victim of criminal activity such as sexual harassment or assault is strongly encouraged to file formal charges with the local police. The victim will receive support from all members of the Student Services Office should the victim choose this option. The in-

ternal procedure will be implemented and disciplinary sanctions imposed without regard to the status of the external procedure.

Eastern University strictly prohibits any retaliation, intimidation, or coercion directed against any member of the community, anyone who intends to register a complaint, or who has done so. Any member of the community who, after appropriate investigation, has been determined to have retaliated against a complainant or one who expresses the intent to complain (or against any other party involved) will be subject to disciplinary action. If any member of the Eastern University community believes s/he has been retaliated against, that person should contact the Dean of Students.

INCLUSIVE LANGUAGE

Eastern University is committed to the belief that in Christ, and in the new order inaugurated in His life, death, and resurrection, there can be no room for inferior and superior categories of human beings, on the basis of gender, race, ethnic, or national origin (Galatians 3:28), physical health or ability, age, etc.

Within this conviction, Scripture teaches that male and female alike respond to the calling of God into the ministries of Christ, and that both male and female are gifted by God's Spirit for such ministries (Acts 2:16-18).

In light of the insight provided by contemporary scholarship into the ways language shapes as well as reflects culture, we have a particular responsibility to use language in ways that do not exclude members of that community, or distort the significance of contributions made by all persons to our historical and present day experience.

Therefore, the University expects all members of its community (as well as other persons who are invited to address various forums at Eastern functions):

1. To use inclusive language when speaking about or addressing human beings in written and oral communication. Faculty may return written work to students for rewriting in keeping with this expectation and should make them aware of oral communication habits which tend to be exclusive.
2. To exercise sensitivity in the selection of classroom materials and examples. It is desirable that all students feel included and recognized in academic discourse.
3. To exercise grace in ways which will allow persons to grow from traditional, habitual language patterns toward more inclusive ones.

CLASS PARTICIPATION

All "talk" does not constitute good class participation. Participation that contributes to a positive grade is characterized by the following:

1. Ties personal experiences to the concepts that are being studied, giving an orderly, brief version of the experience, with a point that is stated clearly.
2. Avoids repeating in a different form points made by others.
3. Shows evidence of having completed, understood, and applied to the readings.

4. Incorporates ideas shared by others and the instructor to create a "fuller picture" of the concept under review.
5. Poses real-life questions or challenges that spring from the discussion material and attempts to shape an "informed" conclusion.

COPIES OF COURSE ASSIGNMENTS

Students are responsible for retaining a copy(ies) of all materials submitted for grading. If a paper or project is misplaced or lost in transition, the student must provide a substitute copy upon request.

STUDENT SERVICES

ACADEMIC ADVISING

Each student is assigned an academic advisor by one's department or school. Depending on the nature of the program, the advisor may be able to assist the student with the following functions: changes of status, requests for Incompletes, petitions for exceptions to policy, grade appeals, graduation clearances, academic plans or programs of study, professional and career advising, and other matters that will contribute to the student's successful and timely completion of his or her chosen program.

STUDENT RESPONSIBILITY

It is the student's responsibility to be knowledgeable about academic policies, curricula and services of the University, as stated in this publication and posted to www.eastern.edu, particularly with regard to degree requirements. A student experiencing personal and/or academic difficulties should contact her/his program advisor at the earliest possible time to ensure appropriate interventions and remedies.

CAREER SERVICES

Career Services equips current students and alumni with the tools and skills needed to manage their careers in constantly changing work environments. Services include résumé critique, mock interviews, networking tips, and job search strategies. Helpful online resources, such as articles on job market trends and current salaries as well as a list of career fairs. Contact the Office of Talent and Career Development for more information.

CHAPLAINCY SERVICES

Opportunities for corporate worship, prayer, and counseling are facilitated by the University Chaplain, Dr. Joseph B. Modica (jmodica@eastern.edu / 610.341.5826).

DATA AND IDENTITY SECURITY

Eastern has taken a layered approach to IT security. Physical access to enterprise systems is very limited and strictly controlled. Electronic access to those systems and data is dependent upon who the users are and their specific relationship to the University, and what they need to know in

order to function in that relationship. The IT infrastructure limits the kind of communication that can reach the systems and from where, both internally and externally. In addition to the University firewall, an intrusion detection system adds another layer of security. Other layers of security are being constantly evaluated.

Identity theft is more likely to happen in ways that are controllable by individual technology users. You can help to protect your own information by following these guidelines:

- Don't answer any e-mail that asks for personal information.
- Make online purchases only at established, reputable sites.
- Don't leave logins, passwords, PINS and personal information easily accessible to others.
- If you store passwords and financial information on your portable devices, be careful where they are kept and be sure to protect your files.
- Shred personally identifiable records.

E-MAIL SERVICES

Eastern University issues a unique user name (login), password, and e-mail account to each enrolled student. The Eastern University e-mail account is the primary method of communicating with students about community events, important announcements, and last-minute changes such as class cancellations. Therefore, it is very important to check the Webmail account regularly and/or follow the online instructions to redirect Webmail to a primary e-mail account. For detailed instructions on Web mail, please go to www.eastern.edu and find Helpdesk – E-mail Support using the Search command.

EMERGENCY AND CRISIS INFORMATION

In the case of an emergency event, we ask that all community members use their best judgment. We also recommend that each member of this community become familiar with emergency procedures. Call Security at 610.341.1737 for emergencies on the St. Davids campus or building security at other sites.

1. Carry identification, including an emergency contact card, with you at all times.
2. Keep a flashlight, a battery-powered radio and extra prescription medication on hand.
3. If you wear contact lenses, carry glasses with you at all times.
4. Set up a contact plan. Ask someone who lives outside of your area to be your family's contact, and include that phone number on your emergency contact card.
5. If the building you are in is affected, go to another place of safety.
6. As you use your E-Card/key to access buildings, do not allow people unknown to you to enter.

It is advisable to create an account for the EU Emergency Messaging System. Go to www.eastern.edu and find Safety and Security using the Search command.

FACULTY/ COURSE EVALUATIONS

Students evaluate instructors and curriculum regularly using an electronic evaluation system. Students receive notifications via their eastern.edu e-mail addresses informing them that course evaluations are available for completion. Instructions to access the evaluations are provided in the notifications.

ID CARDS (E-CARDS)

Students must have ID cards in order to use the library, to obtain borrowing privileges at area libraries, and to participate in activities on the St. Davids campus. Students may also be asked to identify themselves to Security or other University personnel.

INCLEMENT WEATHER AND SCHOOL CLOSING PROCEDURES
