

## **Part Time / Afternoon Teaching Job**

### ***Great Resume Builder for Education Majors!!***

***Mad Science of Delaware Valley is hiring instructors to teach after school enrichment classes, workshops and more for elementary and pre-school children.***

***You do NOT need to be a certified teacher, nor do you need to be a science major.  
We will teach you everything you need to know to teach elementary science.  
Build your resume and have fun teaching hands-on science with kids that are eager to learn.  
Mad Science is an excellent opportunity to grow as a teacher and individual!***

**ABOUT MAD SCIENCE™** - Mad Science is an educational entertainment company focused on providing science enrichment for elementary-aged children through 6th grade.  
To learn more about our program and company you can visit our website at [www.madscience.org/delawarevalley](http://www.madscience.org/delawarevalley).

**ABOUT THE JOB** - As a Mad Science Instructor you will be responsible for facilitating a one-hour after-school science program with a pre-set curriculum. Each session is a very high-energy, part entertainment, part education, hands-on class. Each class enrolls a maximum of 20 children in a 4, 6 or 8 week program which meets one-hour per week. All of our classes are located on-campus at various schools in the area.

Each class will take approximately 2 hours to complete as you are required to be on-site ½ hour before your class begins and it takes about ½ hour to make sure kids are delivered safely to parents and to clean up.

**ABOUT THE PAY** - The instructor position for Mad Science is a very part-time job. Mad Science pays a starting rate of \$25.00 per one-hour class. With set up and tear down it averages about \$12.50 per hour. Mileage reimbursement may be available.

**ABOUT TRAVEL** - Mad Science classes are held on-campus at various schools in the area. Instructors are assigned to a local school. You must be willing to travel daily to your assigned location.

**ABOUT TRAINING** - To be a Mad Science instructor you must go through training for classes you will teach. We do pay for training after a 90 day probation period.

**REQUIREMENTS OF THE JOB** - To be invited to interview you must meet the following requirements:

1. Previous experience with grade school kids in a formalized (paid or volunteer) setting.
2. Up-beat, child-friendly personality.
3. Able to work a minimum of 2 afternoons per week (classes begin anywhere from 2:45 to 3:45pm).
4. Have a reliable car or access to a reliable car.
5. Have a valid driver's license and current proof of automobile insurance.
6. Able to pass a state and national criminal background check.
7. Able to attend mandatory training and orientation.

**HOW TO APPLY** - Does this sound like the perfect part-time job for you? If so, follow the link to our on-line job application. [www.madscience.org/delawarevalley](http://www.madscience.org/delawarevalley)
