

The Enon-Eastern Institute of Entrepreneurship (E3I) has been created to educate aspiring entrepreneurs and to improve the skill set of current business owners. Visiting professionals and the E3I faculty teach practical methods that business owners can implement immediately.

E3I is an innovative and dynamic environment that enhances learning through exposure to other participants from a wide variety of backgrounds. E3I believes that bringing likeminded business owners together develops and deepens their professional network and encourages mutually beneficial relationships with other entrepreneurs.
