

Editing Wimba Room Settings

The **Add to Announcement** page appears and allows you to create and add an announcement about the session to the Announcement page.

The **Add to Calendar** page appears and allows you to add sessions to course calendar.

The **Enter Room** icon launches the Wimba Classroom.

Allows you to upload content from Blackboard content areas or other areas of your computer.

You can add new content or manage existing content.

Displays the **Modify Room** page (see above).

Provides access to **Tracking and Poll Results** reports, **Advanced Media** and **Advanced Room Settings**.

Archives will be listed here if they are available for this room.

This link can be sent to participants through email so they won't have to logon to Blackboard to enter the Wimba session.

This will make the Wimba room inaccessible.

Clicking this **Setup Wizard** link will launch the Setup Wizard. The Setup Wizard allows you to test your computer and prepare it to run Wimba Classroom.
