# Palmer Faculty Responses about the AK deBlois Library

14 Responses (the questions were not required)

I find books best by browsing library stacks

Because of this current situation, I have relied on other libraries.

I use electronic resources (ebooks, databases, e-journals, etc.) so much that the current situation impacts me little.

**The deBlois Library staff recommended additional resources that contributed to my research.**

2014 Library Faculty Survey

In which area do you primarily instruct?	Please name 3 to 5 topics or scholarly authors in your field in which we should seek to have superior print collections.	Templeton Faculty, How can the library provide you with better service?
Templeton	Literary criticism of poetry Literary interpretation of the Bible Linguistics and (Bible) translation	I'm not sure. The one thing that THC students mention fairly consistently is their need for study space where they can work together in small groups; since they are all reading the same texts and since the curriculum is fairly stable, it helps them to be able to discuss what they are reading and writing.

In which area do you primarily instruct?	Please name 3 to 5 topics or scholarly authors in your field in which we should seek to have superior print collections.	CAS Faculty, How can the library provide you with better service?
CAS	Marine Biology Ornithology Climate Change	We need better access to scientific journal articles. For our science students, books may be helpful, but articles are a necessity.
CAS	Cosmology Eclipsing Binary Stars Observational Astronomy Astrophotography Physics Teaching	I do not know because I think that you're doing a fantastic job! Our holdings in astronomy are excellent for the size of our institution. Way to go!
CAS	Kenneth Cragg	I wish there wasn't so much pressure to get media back for faculty. I would like to have an automatic two week rather than one week borrowing limit.
CAS	Edward Said	Convert the choice cards to an online tool/system
CAS	Chris Argyris, John Kotter, John Creswell	Academic journals need to be on prominent display - - especially current issues. This is important for students in majors to see. It's important to have designated quiet areas that are really quiet. Prominently posting signs would help. Also, vacuuming, cleaning, etc. should not be taking place during study hours.
CAS	N T Wright Peter Leithart Thomas Aquinas	Academic journals need to be on prominent display - - especially current issues. This is important for students in majors to see. It's important to have designated quiet areas that are really quiet. Prominently posting signs would help. Also, vacuuming, cleaning, etc. should not be taking place during study hours.
CAS	musicology music and healing music history musical composition musical integration with other arts	The Library has been INCREDIBLY HELPFUL - I think more faculty need to be made aware of the superior resources and even more so, our excellent staff at the Library. Every faculty member should be using these tools. I can't stress the expertise of the staff and their willingness to go above and beyond normal to help with requests, research, etc. More PR about how good the Library and it's staff are!
CAS		It is great now.
CAS	Community Development Social Inequality Social Problems Development in the Third World Sociology of Morality	Topical research services. Could the library for example have someone (could be a student employee) who can help in searching for appropriate literature on specific topics?
CAS	faith and science topics -- Calvin DeWitt environmental science	Great!
CAS	faith and science topics -- Calvin DeWitt environmental science	Superior, welcoming service already.
CAS		Improve journal access in the health and medical sciences.

CAS	<p>racial literacy in the schools/public and private the creative process, all genres: narrative, creative nonfiction, drama, poetry, essay contemporary journals (the arts--photography, writing, etc.) global, contemporary literature</p>	<p>You are doing wonderful work! I would say communication to students directly re: the use of the library can be multiplied. Somehow, can you nudge all instructors of 100 and 200 level courses that we glean our ideas about the world and thought via reading, reading, reading. N.</p>
CAS	<p>Latin American authors Second Language Acquisition</p>	<p>Andrea Reed has been fabulous in acquiring documentaries to help me launch a blended course in Latin American literature. She goes the extra mile to find resources I haven't found and she does so in a timely fashion.</p>
CAS	<p>nineteenth century religion and literature nineteenth century criminal justice and literature (Lisa Rodensky, Jan-Melissa Schramm, Alexander Welsh) Martha Nussbaum</p>	<p>I'd like to coordinate my research assignments with your services better so that students develop transferable skills in my class. In which area do you primarily instruct?	Please name 3 to 5 topics or scholarly authors in your field in which we should seek to have superior print collections.	CAS Faculty, How can the library provide you with better service?
CAS	Sarah Banet-Weiser Fabienne Darling-Wolf Michael Serazio Brooke Duffy	<p>Overall, very satisfied. I do like to show film clips in class and feel there is a wide variety of choices. Took my class to the media lab on 2nd floor, however, and none of the stereos work. We were learning about different music genres. I was able to play some records, but that was about it. Can we replace one? The students really enjoyed the "field trip" rather than just bringing it up online - the variety is a big help/draw/interest!</p> <p>Can we get a few Beatles records by the way?? Even just one would be great!</p>
CAS	interpersonal communication communication book on Communication Research Measures (volume 1 & 2) relationships and communication	I think you all are doing a wonderful job!

In which area do you primarily instruct?	Please name 3 to 5 topics or scholarly authors in your field in which we should seek to have superior print collections.	CCGPS Faculty, How can the library provide you with better service?
CCGPS	Non-profit - how to start, financial information, advice, etc.	Increase the number of full text articles
CCGPS	Health care reform Paulo Freire	For distance students, I think we need to have a more dedicated service to online, distance students to assist with library research.
CCGPS	bell hooks	
CCGPS	Donaldo Macedo Teaching English as a Second Language Critical Pedagogy Early Childhood Education	Perhaps keeping us informed with updates to the Library, new services, and what we can offer to our students that you may have.
CCGPS	Research	Better access from offsite locations
CCGPS	Marketing, Leadership, Nonprofits McMinn, Mark	offer some training in use of Excel
CCGPS	Moon, Gary Yarhouse, Mark	Just keep working on the online library offerings.
CCGPS		Would like to have access to streaming video for classes (psych videos). We are in the process of getting this, I believe. I would like to have access to the Chronicle of Higher Education without having to enter someone else's user ID and password. Can we get an institutional subscription for online access?
CCGPS		Many students and faculty know there are great resources in the data bases but do not know how to search for what they need. This is not the fault of the library; you all do a great job. It is just that many people do not take the extra time to learn how to find resources when Google is an easy and habitual click away.
CCGPS		Your instructions during our residency weeks is greatly appreciated. Please continue these.

Palmer Faculty, How can the library provide you with better service?	If I could change just one thing about the deBlois Library at Palmer Seminary, it would be ....	Any last thoughts?
Palmer Seminary	Apologetics Organizational philosophy Educational philosophy - Christian perspective			
Palmer Seminary		They are doing great. Nothing can improve until we get to a better location.		
Palmer Seminary		The staff is great. However, the library setting is awful. I hope that in the next place, we will have a more spacious library.	Probably because we had such a large library, this one is feels so cramped. I used to study in the library. Now I take books out.	
Palmer Seminary	Global Mission African-American Studies Evangelicalism Justice and Reconciliation	Accessibility to the main stacks. Do the best you can to retain what has already been hacked where ever we end up moving.
