

Health Insurance & Immunization Requirements for Eastern University Students

Proof of current enrollment in a health insurance program or the purchase of University Insurance as appropriate, prior to class attendance and housing occupancy, is required for Eastern University students in these four student groups:

1. **Full-time Arts & Sciences Students**
2. **Resident Students (all programs, all schools)**
3. **International Students - This group will be automatically enrolled and billed for their first year but will need to enroll or waive for subsequent years.**
4. **Varsity Athletes and Varsity Athlete hopefuls (all programs, undergraduate and graduate)**

Students in groups 1-4 **MUST** enroll in the St. David's Student Health Insurance Plan or waive the insurance online, showing proof of alternate, current health insurance coverage. All first year International Students will be automatically enrolled in the University Insurance and may not waive out. Comparative shopping is encouraged. Enrollment or waiver is online **ONLY**. Students in groups 1-4 may use the **St. Davids Health Center** located at St. Davids for care, including physicals and immunizations or may use local providers. Dr. Roc Walker is not the primary care physician, and students who remain in the area for the summer months must seek a primary care physician to fill that role.

Failure to complete the on-line waiver by the publicized health insurance deadline will result in automatic enrollment and your account will be billed for the yearly rate. No refunds will be given.

For more detailed information, please visit our Health Center website (<http://www.eastern.edu/offices-centers/health-center>) and click the student health insurance link at the bottom part of the page.
