## FIRST DESTINATION SURVEY: TRADITIONAL UNDERGRADUATE BACCALAUREATE COLLEGES

# ABOUT THE SURVEY

## TRADITIONAL UNDERGRADUATE BACCALAUREATE COLLEGES:

### Class of 2023 First Destination Survey

The first destination survey provides an overview regarding the status of Eastern University Traditional Undergraduate Baccalaureate (TUB) alumni within six to nine months of graduation. For the purposes of this survey, "Class of 2023" is defined as a TUB student who graduated in August 2022, December 2022, or May 2023. The Center for Career Development gathered statistics using the professional guidelines set forth by NACE (National Association for Colleges and Employers). The First Destination Survey, created using Qualtrics and shaped by NACE guidelines, was distributed electronically to TUB alumni. Faculty members were contacted via email in early 2024 about graduates whose status remained unknown. Additionally, information on non-responders was retrieved from updated professional profiles on social media sites (primarily LinkedIn), my.eastern, and employer web pages.

Through this extensive process, we obtained an 87% knowledge rate of the Class of 2023. "Knowledge rate," as defined by NACE, is the "percent of graduates for which an institution has reasonable and verifiable information concerning the graduates' post-graduation career activities." 65% is NACE industry benchmark, which the Center for Career Development exceeded. Our intention is to provide a summary of first destination highlights, as well as a specific breakdown by TUB Colleges for the Class of 2023.
