

2024-2025 EASTERN UNIVERSITY CHURCH MATCHING GRANT GIFT PLEDGE FORM

Eastern University invites churches to help their youth secure the resources needed to finance their education at a Christian university. In this way, Eastern and the local church can work as partners in preparing today's students to be tomorrow's Christian leaders.

When a church provides funds toward a student's bill with this form, they make it possible for that student to receive additional grant aid from Eastern through the **Church Matching Grant Program.** Eastern will match the funds up to \$1,000 per year (\$500 per semester) for a student who has financial need based on the information provided on the *Free Application for Federal Student Aid (FAFSA)*. Otherwise, the maximum matching amount will be \$500 per year (\$250 per semester).

Except for Fellowship of Christian Athletes (FCA) and Young Life, for purposes of the Eastern University Church Matching Grant, the definition of a church is a Christian institution that has a recognized form of worship that takes place in an established place of worship with regular congregational, religious services.

CHURCH MATCHING GRANT DETAILS

- Student must be enrolled full-time (a minimum of 12 credits per semester) in a Traditional Undergraduate program.
