Introduction

This Fact Book represents basic data about Eastern University, providing information about entering students, all students, and employees. The goal is to provide, in one location, information for those who have an interest in the institution, whether they are prospective students, present students, alumni, employees, donors, or researchers.

New this year, a Longitudinal Fact Book, which will show trends for the data for students (employee trend data is already posted in current Fact Books) is also available on our webpages. This will make it easier to spot changes for entering and all students as well as retention and graduation data. The goal of these efforts is to make this page on the Institutional Research website a “go-to” page for all data about Eastern.
